COVERAGE FOR FOREIGN ASSISTANCE

These coverages are awarded according to the general and special conditions of the product.

The health care services provided by Assist-Card, are oriented towards the assistance in case of an accident while traveling and are limited to emergency treatment for sudden and unpredictable events that impede the normal continuation of the journey; they are provided to ensure the initial recovery and the physical conditions that allow the normal continuation of the journey, but not suitable for long procedures.

To obtain the service, the insured must call first the Assist-Card central offices, which will provide the insured the conditions for their timely care, authorizing the attention in any one of the health centers or hospitals that are available in the area where the event occurred.

The coverage for the student for medical emergencies abroad is up to US\$25,000 or 30,000 Euros in case of an accidental event for maximum 60 days per trip.

The medical assistance services include:

- ✓ Medical consultation
- ✓ Attention by a specialist
- ✓ Complementary medical examinations
- ✓ Physical therapies for recovery in case of trauma.
- ✓ Medications
- ✓ Dental emergency
- ✓ Hospitalizations
- ✓ Surgical Interventions

To remember:

The students will be covered within and outside the institution in national and international territory:

- During school hours
- In extracurricular activities
- In school tournaments with other schools
- During the weekend
- On trips
- On vacation
