A. WHO WE ARE

Colegio Nueva Granada (CNG) is a bilingual, bicultural, U.S. style college preparatory school that fulfills both Colombian governmental requirements and U.S. accreditation standards. In 1961 the School was accredited by The Southern Association of Colleges and Schools (SACS) and was also approved by the Colombian Ministry of Education to award the Bachillerato diploma. SACS became a division of AdvancED, and CNG was reaccredited by this agency in 2016 following the new protocol of five standards for quality schools.

CNG also complies with the regulations of the Ministerio de Educación and periodically completes an autoevaluación (selfevaluation) required by the Colombian government.

As of January of 2009 CNG’s ISO 9001 Quality Management system was officially approved by ICONTEC and the school was certified by this entity under ISO 9001 norms.

On February 3, 2009 CNG received its ISO 9001 and IQNet certificates in an official ceremony at the offices of ICONTEC. The scope of the certification and Quality Management System is: The design, development and delivery of a holistic, bilingual (English/Spanish), educational service in the primary, elementary, middle, and high school grades; including the physical development of students and the provision of student services, school transportation services, and institutional quality.

A. VISION STATEMENT:

Educating the mind, strengthening the body, and developing character for leadership and service in the world of today for a better tomorrow.

B. MISSION STATEMENT:

CNG is a learning community committed to serving a diverse student population and preparing responsible global citizens through an accredited United States/Colombian college-preparatory program focused on motivating students to achieve their fullest individual potential for excellence.

C. PHILOSOPHY:

We believe in creating and educational environment in which:

- Every student is challenged to achieve his or her greatest potential in a system that promotes high academic performance.
- Individual talents and interests are shared and developed through a broad offering of academic, artistic, and athletic programs.
- Students with special needs and learning difficulties receive support through the intervention of specialists and adoption by the classroom teacher.
- Students are happy and they experience the joy of learning.
- Diversity of nationality, race, religion, and ability is valued and utilized to enhance the educational experience.
• Universal moral values such as honesty, respect, responsibility, and the golden rule: "do unto others as you would have done unto you," are taught through direct instruction, example, and experience. A balance of local and import faculty emphasize an awareness, appreciation and integration of North American and Colombian cultures.

• While the school is not affiliated with any specific religion, it honors the religious orientation of its families and encourages participation of students in their respective religions.

• Teachers, administrators, parents, and students work together in their respective roles to create a caring and open community based on mutual respect and common goals.

• Students learn to be good citizens, serve others and respect the environment through personal involvement and experience.

D. CNG CORE VALUES

As a member of the CNG community I will support the CNG Mission/Vision and uphold our Code of Honor including our core values on and off campus:

Respect
• Value Uniqueness - I value and protect each individual's worth, rights, dignity, and boundaries.
• Follow Rules - I follow school rules and model behaviors which honor CNG values and expectations.
• Conflict Resolution - I approach conflicts in a peaceful, thoughtful, and rational manner.
• Care For Property - I safeguard all property: mine, others', and that of the CNG community.

Integrity
• Commitment - I do what I say I will do.
• Honesty - I am honest with myself and others; I demonstrate academic integrity.
• Fair Play - I am a good sport who knows how to win with grace and lose with dignity.
• Assertiveness - I communicate effectively and assertively.

Responsibility
• Accountability - I take ownership of my behavior, decisions, and resulting consequences.
• Personal Growth - I am reflective, set challenging goals for myself and strive for personal growth.
• Best Effort - I take advantage of opportunities and give my best effort in everything I do.
• Critical Thinking - I use critical thinking to make decisions and take educated risks.

Caring
• Kindness - I am kind to others and myself.
• Empathy - I display empathy and care for others without expecting anything in return.
• Service - I commit to the common good and reach out to those who are in need.
• Relationships - I invest in relationships to promote a positive environment.
The present Manual aims to fulfill the Universal Rights such as the Rights of Children, the Rights established by Colombia’s National Constitution, the Code of Infants and Adolescents Law 1908 of 2006, and all other current national norms.

COMMUNITY MEMBERS

At Colegio Nueva Granada, all the members of its community are valued and respected in their different roles and diverse backgrounds and beliefs. Students, parents, and staff have the right to express their concerns in a respectful and proper manner.

It is their responsibility to cooperate in the fulfillment of CNG’s Mission and Philosophy and to understand and accept the Code of Honor and follow the rules, regulations, and procedures established by the school to ensure a safe educational environment for all.

STUDENTS

Rights

- Students have the right to have a safe and respectful educational environment guided by the CNG Mission and Philosophy.
- Students are entitled to elect and be elected in the student governing bodies and thus participate through the Student Council in decision-making processes when appropriate.
- Students have a right to ‘Due Process’ in case of disciplinary actions, ensuring compliance with Law 1098 of 2006, Art. 26.
- Students have a right to be heard in the presence of their parents or guardians.
- Students have the right to achieve a satisfactory academic performance in response to the development of their individual capabilities.
- Students have a right to receive the totality of the courses in which they are enrolled, completed by all necessary aids, and according to the established schedule.
- Students have the right to quality education, with scientific and technologic progress and the corresponding aid and help.
- Students have the right to be evaluated in a timely manner and in accordance with the parameters set by the school.
- Students have a right to know, and analyze test results.
- Students have a right to be awarded distinctions, be frequently stimulated and motivated to develop their research skills, their individual skills and abilities, and therefore to obtain results.
- Students have a right to recreation and partici-
Students must preserve and take care of their personal belongings and those of the Institutional community.

**Responsibilities**

- It is the responsibility of the students to accept and follow CNG’s Code of Conduct at all times and in all places, and they must abide by the academic and disciplinary rules, regulations, and procedures established by the School.
- Students must comply with the academic norms and rules of conduct, and with all rules, regulations, and proceedings established by the school.
- Students must acknowledge and respect others’ rights, as they would demand for themselves.
- Students must attend school punctually every working day and comply with the established schedule.
- Students must provide a respectful and polite treatment to all staff members of the educational community.
- Students must preserve and take care of their personal belongings and those of the Institution.
- Students must comply with the civic and social obligations that correspond to their individual development and to be educated in the responsible exercise of their rights (Art. 15, Law 1098 of 2006).

**Statement on Student Rights Related to Sexual Orientation and Gender Identity as Aligned with Colombian Law**

As stated in our CNG Honor Code and Disciplinary Policy since 2010:

Listed as a Serious Offense: Expressing intolerance relating to race, ethnicity, religion, disability, sex, gender expression, or personal orientation.

CNG POLICY STATEMENT:

As officially outlined in Colombian law for schools and other institutions, CNG reflect our school’s ongoing commitment to the following:

1. Respecting the rights of all students, regardless of their sexual orientation or gender identity, and:
2. Providing active protection for students to help prevent and strongly address any kind of discrimination, harassment, violence, aggression, bullying, or exclusion by other students or from members of the school community.

CNG’s policy statement conforms to Article 16 of the Colombian Constitution, which states: "All persons have the right to free development of personality, with no other limitations than those imposed by the rights of others and by the legal system."

Colombian law also regards individuals with diverse gender identity as part of a minority that has been historically discriminated against and excluded, even within the LGBT community. As a result, the protections provided to all CNG students exist not only to prevent them from being victims of any type of discrimination but also to allow them their legal right to freely and freely develop their personal sexual orientation and gender identity.

Approved by the CNG Board of Directors Policy Adopted on September 5, 2016

**PARENTS**

**Rights**

Parents have the right to expect for their children the best possible education guided by CNG’s Mission and Philosophy according to its characteristics of being a bilingual, bicultural, U.S. style college preparatory school that fulfills both Colombian governmental requirements and U.S. accreditation standards.

Parents voluntarily may become members of the Parents Association.

Parents have the right to freely express their doubts, suggestions, and complaints through the channels of communication designated for this.

Parents have the right to participate in the Proyecto Educativo Institucional developed by the Institution.

Parents have the right to receive during the school year and on a regular basis, information of their children’s academic and behavioral performance.

Parents have the right to elect and be elected to represent the Parents through the Parents Council, within the School Governance.

**Responsibilities**

Parents are responsible for supporting the school’s Mission, values, and philosophy. Parents are responsible to cooperate with the school in the education of their children, supporting them in their learning processes, and making sure that they follow the Code of Honor at all times and in all places and abide by the academic and disciplinary rules, regulations, and procedures established by the School.

Parents must comply with the regulations established by the school regarding registration, enrollment, and paying tuition fees when due.

Parents must contribute to build an environment of respect, tolerance, and mutual accountability that enhances the education of their children and fosters the best relationships among the members of the educational community.
Parents should contribute in the elaboration of plans and goals for school improvement.

Parents must support the educational process of their children in compliance with their responsibility as educators.

**Statement of Expectations for CNG Parents: An Agreement of Parents and Their Children**

Parents play a formative role in the development of child’s sense of justice, equity, dignity, and worth. Parents also act as one of the most influential role models in their child’s life. It is a parent’s responsibility to promote and uphold the core values of our school community. It is the expectation of the community that all parents model acceptable behavior at all times within and outside the school setting. Parents are expected to abide by the following expectations at all times and in all places:

- Everyone is entitled to express his/her concerns in a respectful and proper manner, following the proper channels of communication (Please see CNG Communications Flowchart).

- School matters and concerns should be dealt with privately within our school community.

- Behave and speak in such a way that protects the core values of our school community. Including general service personnel, bus drivers, bus monitors, etc.

- Resolve every conflict in a peaceful, respectful, and rational manner. Be careful with your words and actions.

- CNG insists on a bully free environment; physical or psychological harassment or intimidation of any person should be avoided.

- Be a good role model for your child; do not use narcotics or any harmful chemical substances.

- Alcohol should not be served to minors.

- Tobacco should not be provided to minors. Parents should support children by respecting the property and values of others. All personal belongings must be clearly marked. Under no circumstance should a parent take from the school premises any belongings, which are not theirs.

**PARTICIPATION AND SUPPORT**

Support your child in all their educational endeavors by giving praise and showing interest in their school activities (homework and projects).

CNG community members will actively participate in the following activities:

- The school’s community social service initiatives, which include Fundación Colegio Nueva Granada (financially and/or volunteer work). Amigos de la Alianza, and any other community service initiatives that the school promotes.

- The school’s parenting sessions and values initiatives, including school meetings, conferences, Positive Action and STAND4CNG.

- Support your child in all their educational endeavors by giving praise and showing interest in their school activities (homework and projects).

**ATTITUDE AND CONFLICT RESOLUTION**

A child’s perception is not the same as an adult’s perception due to their developmental maturity. Listen to your child as they tell you their reality, but remember that multiple versions can always exist. Always be positive and approach these situations with a spirit of cooperation and genuine partnership.

Be prepared to actively listen to another person’s point of view. It may be that the perspective from which one parent is approaching the situation is different than that of the other party; however each may be of equal value. It is appropriate in times of conflict that correct procedures be followed to allow all parties to be heard and for harmonious solutions to be reached. If the conflict centers on a classroom issue, the first contact should always be made with the classroom teacher. If a resolution is not reached, then it is appropriate to involve the School Principal with the aim of him/her representing the property and values of others.
ATHLETIC EVENTS

FAMILY COMMITMENTS IN ATHLETIC EVENTS

Abide by the UNCOLI participation, organization, behavior manual, and regulations at all times. Athletes, spectators, supporters, coaches, and officials (and anyone else present at a game) must ensure that they, and everyone support the UNCOLI and school expectations (see Manual de Participación, Organización, y Comportamiento en las Actividades Organizadas por la UNCOLI).

Promote children’s participation in and commitment to CNG athletic teams.

Commit as a family to the team the child has chosen so he/she can train and play in scheduled games and tournaments.

Respect the decisions made by the coaches at all times. During the games, coaches are the authority. If at any time one does not agree with the coach’s attitude or decision, one should inform a CNG authority, ideally the Director of Athletics and Co-Curricular Activities.

BE a model for CNG and other schools when you come to participate and support the teams. Promote positive competition and sportsmanship.

Help children be on time to practices and games with their equipment and uniforms.

STAFF

Guidelines Overview

An effective educational program depends upon the enthusiasm, cooperation, and support of every member on the staff. It is our desire for these guidelines to assist in carrying out these responsibilities. Guidelines, no matter how encompassing, cannot anticipate all situations that may be encountered. In situations for which specific provisions have not been made, staff members are expected to use good judgment and to act according to the best interests of the students and the school, following the proper procedures and processes.

The overall administration of the school is the responsibility of the school director. The organization and administration of each school is the responsibility of its principal and assistant principal when appropriate. The secretaries in the school offices have full-time responsibilities assigned by the principal. These duties preclude their availability for clerical processes throughout the school.

The school may offer professional development to assure their continuous improvement according to the rules established by the school in the Staff Guidelines. Staff members may participate in decision-making processes through the Director’s Council when appropriate.

It is the responsibility of every staff member to be an example and model of the principles that the school conveys, thus following the Code of Honor at all times and in all places. Staff must cooperate with parents to assure the best education possible for the students according to CNG’s Mission and Philosophy. It is their duty to assure that the students comply with CNG’s Code of Conduct, its rules, regulations, and procedures, and must follow the disciplinary processes established by the school.

GENERAL BEHAVIOR AND DISCIPLINE

All staff members are expected to be positive role models for students; therefore, all staff members must comply with the CNG Code of Conduct and school regulations.

CNG applies a system of progressive disciplinary action, though in the case of serious offenses, the administration reserves the right to impose appropriate consequences with immediate effect. Any employee may be disciplined by his/her principal or supervisor for violations of the CNG Code of Conduct, school policy, or expectations of professional behavior outlined in the Staff Handbook. When this is necessary either a verbal or written reprimand is issued. A memo is placed in the employee’s personnel file. If the situation is more serious, the individual has a formal hearing before the General Manager and Human Resources Director. The school director, after there has been Due Process, determines what sanctions to impose. They may include suspension with or without pay, or termination of employment.

Restorative Practices

CNG is committed to the philosophy of restorative practices that may include the following:

Informal Circles

Informal conferences

Reparation to all individuals affected

In the case that affected individuals participate in a positive manner and comply with restorative conference agreements, they may influence the disciplinary consequences.

In addition, the following are also considered major violations by staff members: Social Relationships with Students.

CNG strongly disapproves of staff members
engaging in inappropriate socializing with students. Staff members are expected to refrain from becoming intimately involved with any CNG pupil or drinking alcohol and/or smoking in their presence.

Misuse of Confidential Information

Professionalism and discretion should be used in conversation at all times. Confidential information about school matters should only be discussed with the parties involved. Confidential information concerning children and their families should not be discussed when non-staff members are present.

The use of students’ family information such as addresses, telephone numbers, e-mails, and places of work is considered confidential and must only be used for contacting parents regarding their children or official school matters.

The personal phone numbers of staff members are private and are considered confidential information for staff use only.

Personal information of alumni should only be given out by the person in charge of alumni affairs once the request has been screened as to who and why the information is requested.

No staff member can use the school database for personal reasons or to advertise any product. The use of the school database needs to be approved by the general manager.

TUTORING POLICY FOR CNG FACULTY AND STAFF

Teachers and staff members are allowed to provide individual or small-group instruction or learning assistance to students outside regular class time. The policy statement outlined below serves to define conditions for tutoring to ensure that internal procedure are clearly established and in the best interest of all involved parties.

Condition for Tutoring:

Administration at each respective building level should be made aware of all private tutoring arrangements of their staff members.

The current classroom teacher of the student should be informed in writing if a member of staff is tutoring the child in a private arrangement. This notice will ensure better continuity and planning for both staff members. The child must not be enrolled in the teacher’s current class to avoid conflict of interest.

All tutoring must occur outside regular contractual hours (i.e., before 7:00 a.m. and after 2:15 p.m. on the two days established for leaving early or after 3:30 p.m. on the three days established for meetings/opportunity times for teachers and staff in PS, MS, and HS; and before 8:00 a.m. on the two days established for arriving late and after 3:30 p.m. for ES teachers and support staff or administration).

All planning and preparation for private tutoring must be done outside regular contractual hours. Tutoring can be done on school premises but only if the school would ordinarily be in session and notification of tutoring has been provided to the building administrator. Tutoring should not take place on school premises during school holidays or vacation periods.

The School premises may not be used for the private tutoring of children not attending CNG as this presents liability issues for the school.

School resources may only be used with prior consent from administration. All resources must remain on the school premises at all times.

Photocopying for private tutoring must be paid for on a personal basis by the tutor. All invoicing/payment for tutoring services must be handled between the teacher and parent.

All applicable school policies should be adhered to when tutoring on school premises (i.e., health and safety, professional conduct, and confidentiality to preserve student rights). Even though tutoring reflects a private arrangement between a family and a teacher, it is important that tutoring sessions reflect the same high Standards of regular instruction at school.

CNG encourages teachers who are asked to tutor and may believe that parents have unreasonable expectations for the tutoring process or have conversations with the principal of the building level of the child to ensure that accepting the tutoring job will not implicate the teacher or school negatively.

The school prohibits the tutoring of children in preparation for the admission to CNG at one’s own grade (i.e., a K5 teacher tutoring a K5 applicant) or if the teacher/staff member is involved in the testing process at CNG (e.g., an ES counselor or LC staff member).

The child must not be in the teacher’s current class or service area to avoid any potential conflict of interest. In addition, a teacher or support staff member cannot tutor a child in any way that would supplant/replace services normally available as part of the CNG program such as learning support services or advanced programs.

More information in relation with teacher’s regulations, procedures, protocols and contractual guidance is available in the Staff Handbook.
GENERAL ASSEMBLY

The General Assembly is composed by all CNG parents who have their children enrolled in the school. It meets at least once a year, and its duties are as specified in the School by-laws.

BOARD OF DIRECTORS

The parents in general assembly elect a seven-member board of Directors for a two-year term. Three members are elected one year, and four on the following year. The Board meets at least once a month.

DIRECTOR

The Director is appointed by the Board of Directors. The Director’s duties are among others: act as the main legal representative of the CNG Corporation before public and private entities.

DIRECTOR’S COUNCIL

The Director’s Council is an advisory group to the Director. Its members are the Director, one parent representative, two teacher representatives, a student representative (typically the Vice-Personero), one alumni representative, and ex-officio representatives as determined by the Director. The Council meets at designated times during the year, and its duties are outlined in the school by-laws.

ACADEMIC COUNCIL

The Academic Council is a collaborative team of subject and team leaders and coordinators that advises the Director’s Council/Board of Directors on academic topics. The Academic Council focuses on curriculum development/renewal as well as implementation of changes to ensure alignment with rigorous standards, Colombian and US education requirements, and continuous improvement to enhance learner performance.

The Academic Council serves the vision/mission of CNG while building leadership capacity among its members. Members include the Learning & Teaching Leadership Team (School Director, Academic Directors, Principals, and Associate Principals), the instructional coaches, and those who serve in a role of subject/grade Position of Responsibility.

The full Academic Council meets a minimum of three times every school year, while focused subject groups meet between two to six times throughout the year, focusing on the tasks at hand for curriculum renewal and implementation.

The Academic Council fulfills Colombia law requirements. As well members participate in the following:

- Lead the development, revision, and evaluation of the subject/team curriculum to ensure appropriate development of students’ bodies, minds, and character
- Research and make recommendations for pro-
gram improvements that positively impact learning and teaching:

• Review and align assessment practices to evaluate student learning.
• Lead the review of student learning data and use this data to inform program changes.
• Recommend the purchase of appropriate materials and educational resources taking into consideration the approved budget.
• Make recommendations of professional learning programs to advance the school, taking into consideration the approved budget.

Secondary Responsibilities include:

• Integrating the CNG annual priorities into the work of the subject/team.
• Begin open to innovation and integration in order to improve learning & teaching.
• Listening to and using feedback from parents, students, faculty/staff and other community members for program improvement.
• Reviewing the school's Institutional Education Plan (PEI) especially related to curriculum and educational programs, as needed.
• Working with the Director of Colombian Program communicating with the Ministry of Education, ICFES and Colombian universities for the improvement of the Bachillerato program.

DIRECTOR’S COMMITTEE

Director’s Committee advises the Director on all facets of school operation. Its members are lead by the Director. The members are:

• Academic Directors and Associates:
  - Director of Learning and Teaching, Principals,
  - Director of Colombian Program, Learning Center Director, Director of Educational Technologies, Director of Athletics and Co-Curricular Programs, Associates, Administrative Support Coordinator.
• Administrative Directors:
  - Director of Finance and General Services,
  - Director of Human Resources, Director of Admissions, Director of Development and Community Affairs, Director of Publications and Media Services and Director of Technology and Information Systems.

The Administrative Council meets weekly.

STUDENT PERSONERO AND VICE-PERSERNO

The Personero is a Senior (12th grade), and the Vice-Personero is a Junior (11th grade), both elected by the student body (grades 3 to 12) to represent them. Annex for Personero process explains the process for the election as well as the responsibilities of both Personero and Vice-Personero.

STUDENT COUNCIL

The Student Council is a body of selected student whose purpose is to improve school life in the schools, to learn about democratic processes, and to serve the community. There is a Student Council in the Elementary, Middle, and High School.

CNG PARENTS ASSOCIATION

CNG PARENTS ASSOCIATION is an active organization whose members join voluntarily to carry out various projects for the improvement of the school.

PARENT COUNCIL

The Parent Council is an active, legal, organization whose members are elected by the parent community during beginning of the year open houses. This council is required by Colombian law and is designed to provide support to the administration on school development and school improvement related initiatives.

COMITÉ DE CONVIVENCIA ESTUDIANTIL

The main objective of this group is to guarantee the fundamental rights of the students through due process and respect for individuality. This group is a legal entity, along with the Labor Regulations Committee and the Director’s Council. Its members are the school Director, the student-elected Personero, Student Council President, Elementary Principal, HS Counselor, ES Counselor, PS Counselor, Colombian Program Director, Learning Center Director, Parent Council President, and MS Counselor as stipulated by law.

INSTRUCTIONAL PHILOSOPHY

Teachers engage students in their learning through research-based, instructional strategies including, but not limited to, the following listed below.

Pickering, Pollock, and Marzano’s (2001) most effective instructional strategies:
- Identifying similarities and differences
- Summarizing and note-taking
- Reinforcing effort and providing recognition
- Homework and practice
- Cooperative learning
- Nonlinguistic representations
- Setting objectives and providing feedback
- Generating and testing hypotheses
- Questions, cues, and advance organizers

John Hattie’s top ten strategies linked to student achievement (Visible Learning for Teachers, 2012):
- Student Self-Reported Grades
- Piagetian programs
- Response to intervention
- Teacher credibility
- Providing formative evaluation
- Micro-teaching
- Classroom discussion
- Comprehensive interventions for students with learning disabilities
- Teacher clarity
- Feedback

CNG HOMEWORK POLICY AND PRACTICES

At CNG student learning and growth are our greatest priorities. We use homework to engage our learners beyond the school day. We believe in homework that fosters responsibility as well as inspires and reinforces learning.

Purposes of Homework:

Practice Homework:
- Reinforces learning and helps students master specific skills
- Builds on the comprehension and development of skills taught in class

Preparation Homework:
- Introduces material in advance of upcoming lessons
- Helps students develop background knowledge

Extension Homework:
- Allows students to apply their learned skills to new situations
- Broadens knowledge of a topic being studied in class

Integration Homework:
- Provides opportunities to apply many different skills to a single task
- Encourages students to construct a new product based on their learning
Daily Homework Guidelines:
Research indicates that the average student should have a maximum of 10 minutes of homework per night per grade.
- Primary School – 20 – 30 minutes daily (with the exception of weekends)
- Elementary School – 30 – 50 minutes daily (with the exception of weekends)
- Middle School – 60 – 75 minutes daily
- High School – 75 – 120 minutes daily
- School-wide there will be no homework assigned during school breaks with the exception of strategic assignments, when necessary, for classes in the AP Academy.
- It is also important during summative evaluation time and standardized testing time that homework be kept to a minimum.

Student Responsibilities for Homework:
- Practice good study habits and produce high-quality work.

Teacher Responsibilities for Homework:
- Post and review homework.
- Refrain from using homework as punishment or in place of classroom instruction.
- Design assignments that are relevant and clear.
- Vary assignments by mixing different approaches and styles.
- Assist students who are having difficulty completing the assignment.
- Encourage and teach study habits.
- Provide timely feedback on homework assignments.
- Provide an outline with step-by-step due dates for long-term projects.

Parent Responsibilities for Homework:
- Use agendas and Skyward to make sure that homework gets completed and turned in on time.
- Provide for a consistent time and quiet place for homework to be completed.
- Promote a positive attitude toward homework and its benefits.
- Assist your child and provide guidance as needed but do not do the work yourself.
- Encourage your children to do their best and not simply give the minimum effort.
- Contact the teacher directly if your child is struggling with the subject matter.
- Support your child’s efforts by asking to see graded homework and discussing it.
- CNG’s homework policy is drawn from the research base provided by the Brookings Institution the Rand Corporation and a review of that research base conducted by the National Education Association.

CNG ASSESSMENT MODEL & PROTOCOL
The evaluation of learning is an integral part of the teaching and learning process. The school has taken into consideration the requirements of the Colombian educational law (Decree 1290, April 16, 2009), U.S. accreditation requirements, and the professional knowledge of the teaching staff at CNG.

The CNG plan for assessing student performance has been specifically designed to meet the individual needs of all students while maintaining high standards for learning. Opportunities exist for students to demonstrate academic achievement through means other than a written examination. Rubrics and exemplars should be used to provide students and teachers with a clear understanding of expectations for basic, proficient, and advanced performance.

We believe in a balanced approach to assessment including pretests and multiple ways for students to demonstrate proficiency including, but not limited to: conferencing, informal observations, performance assessments, and authentic transfer tasks. Assessment may include portfolios of individual assignments, projects, verbal presentations, and other forms of non-traditional assessment. Assessments may be differentiated based on student readiness, interest, learning style, or special need. In particular, students with special academic needs who are served through the Learning Center may be given alternative assessments for measuring how much they have learned.

Evaluation policies and procedures for students to demonstrate proficiency of standards are are set forth in the CNG Assessment Protocol.

CNG Assessment Belief Statement
Student learning and growth signify our greatest priorities at CNG. We use assessments to determine and communicate what students know and are able to do as well as to improve teaching and learning for all students.

CNG Essential Agreements About Assessment
As a faculty and staff, we are committed to the following agreements:
1. Grades will be based on academic achievement aligned with our four-point grading scale.
2. Grades will be based on what students know and are able to do relative to the benchmarks taught. Teachers should consider the entire body of assessment evidence, and final semester/trimester grades should reflect the best and most recent evidence.
3. Grades will be determined using appropriate and clear performance standards. This will include clear descriptions of expectations through the use of rubrics/scoring guides, and these will be communicated in advance.
to students.

4. Student behavior/life skills will be graded separately from academic achievement with the exception of late work and academic dishonesty at Middle and High School.

5. Teachers will use a range and balance of quality formative and summative assessments. Within the range of assessments, exemplars are used as a guide for consistent grading of student work and as “anticipatory feedback” for students. These exemplars offer a model for teachers and students of the type of performance that clearly meets the standards.

6. Teachers will provide meaningful and timely feedback on all assignments to learners. Results of formative assessments should guide teacher planning and instruction, and these should be tightly linked to what will be assessed on summatives in order that students have ample opportunities for feedback and opportunities to reach expectations by the time summative assessments are given.

7. Within a grading period, students will be provided with additional opportunities to improve learning and reassess after having engaged in extra practice/help from teacher.

8. The grade of “4” should be achievable on all assessments. Teachers will ensure that students understand what is expected to achieve a “4” and are provided exemplars and opportunities to demonstrate learning at the highest level.

9. Teachers will not give extra credit or bonus points, factor attendance into grades, or grade on a curve. Students with an excused absence get one day for every day missed to make up missing work. Students will be given individual grades on group projects. Teachers will provide opportunities for students to reflect on their learning.

10. In MS/HS, grades will be updated electronically every two weeks, at a minimum. In PS/ES, grades will be input as trimester teaching/learning is assessed. Community members are expected to keep track of student data through the school systems on a regular basis.

11. In general, homework should be considered informal formative assessment and be aligned with the CNG Homework Philosophy & Practices.

12. Students are expected to complete and turn in all assignments on time. In Middle and High School, students will be provided the opportunity to remediate missed assignments within two weeks. In addition, students in Middle and High School may not be eligible to receive course credit/pass the course if they do not complete and turn in all assignments.

NOTE: In regard to late work and cases of academic dishonesty, please see page 9.

Use of Assessment Data

“CNG engages in a comprehensive and systematic process of thoroughly evaluating student performance results in order to assess the effectiveness of our programs and accurately determine the impact of our improvement efforts.

“As one of the key research-based strategies for school improvement, robust data-driven decision-making helps propel all program improvement efforts at CNG. Our school collects, analyzes, and uses multiple data sets and measures to evaluate student learning, program quality, and organizational effectiveness. Given the breadth and depth of data utilized for school improvement purposes at CNG, the school uses a highly specialized data management system, Spotfire, which more effectively and efficiently provides data to teachers and administrators for the improvement of curriculum, instruction, and assessment. The extensive evaluation of these data also provides us with valuable input to help us align our professional development investment and use of financial resources for school improvement efforts.”

In addition to school-wide analysis of student performance data, teacher teams and individual teachers use assessment data in systematic ways to improve teaching and learning. Educators at CNG use formative and summative assessment information in many ways, including:

- Providing meaningful and systematic feedback to/for students
- Identifying and setting growth targets for groups and individuals
- Calibrating and aligning instruction and assessment among teachers
- Understanding individual and group learning styles
- Teaching students to own their learning and set personal goals
- Analyzing curriculum effectiveness and planning improvements
- Articulating departmental or grade-level goals and improvement plans
- Communicating progress to parents
- Guiding ongoing teacher professional learning
- Designing Individualized Education Plans (IEPs) and Interventions
- Determining class placement and grouping students for learning

Rationale behind Assessment and 4-Point Grading Practices

Ongoing Reflection, Review Of Past Information, and synthesis Of The Key Points.

Improve consistency and validity in grading.

- Research shows that 100-point scale grades tend to reduce students’ interest in learning itself, reduce students’ preference for challenging tasks, and reduce the quality of students’ thinking (Marzano, 2000, p. 24).
"Research indicates that a score a student receives on a test (on a 100 point scale) is more dependent on who scores the test and how they score it than it is on what the student knows and understands" (Marzano, 2006, p.30).

In addition, according to Marzano, "studies have shown that the reliability of a score obtained by a single teacher using a 4 point scale is .719, whereas the reliability of a score obtained using a 100 point system is .294 (2006, p. 118) A 100-point scale increases error between various classrooms because of the range of possible scores and subjectivity in grading. It is both cumbersome and probably not accurate to use so many degrees, 10 -100, to describe performance to a standard, so a 4 or 5 scale is generally recommended. The 4 pt. scale tends to separate the 1-2 performances being below the standard from the 3-4 performances from being above or at the standard level when translated into grading scales back in their own national systems or at other international schools.

Creation of a common language for assessment.

- Students and teachers both understand what the performance level descriptors indicate about student mastery of the material.
- An assessment grade of 4 indicates a student has an advanced, superior level of performance, and they can demonstrate an understanding that exceeds expectations. According to Marzano, an advanced score of 4 indicates that a student can show "in-depth inferences and applications that go beyond what was taught" (2006, p. 58).
- "Classroom teachers, who are the subject and grade-level specialists evaluate students, determine 'what a 4 looks like' first when they write or revise the benchmarks, and secondly when they draft rubrics to show the descriptions of the benchmark at each of the levels identified in the grading scale. A 4 characterizes a student demonstrating an understanding of a benchmark that exceeds expectations" (Comment from Dr. Jane E. Pollock).

Well-written and developed scales or rubrics assist students in their learning.

- A well-written scale can be thought of as an applied version of a learning progression. A scale should make it easy for teachers to design and score assessments. To be most useful, scales should be written in student-friendly language. The teachers should introduce each scale to the students and explain what is meant by the content with each score value. http://www.marzanoresearch.com/resources/tips/fasbg_tips_archive

Value and Importance of Formative Feedback & Assessment for Learning.

The 4-point scale pushes and almost forces the teacher and learner to focus more on formative assessments, the ongoing feedback process, and the actual growth and learning in terms of the learning target, rather than on just the ‘grades.’

- The purpose of moving to standards for scoring was to improve student performance by improving the quality of the feedback to students. By indicating how well they perform on the standard itself, and not just on the tasks related to standards (that often address more than one standard), the student would be able to see where he and she could improve.
- According to J. Hattie and H. Timperley, “Feedback reduces the gap between what is known [and done] and what is aimed to be known [and done].” Hattie, J., & Timperley, H. (2007).
- Popham, Transforming Assessment (2008), offers these insights: Formative assessment is not a test but a process—a planned process involving a number of different activities.
- In addition, one can infer from research stated in Classroom Instruction that Works (Marzano, Pickering, Pollock, 2001) that an individual teacher who uses formative assessment practices can show student achievement gains equivalent to a percentile gain of about 23 points (pg.7).
- Using that research in the Improving Student Learning Series (2007, 2009), Pollock shows teachers how to use formative assessment as integral to both planned instruction and planned assessment, and, importantly, in tracking student progress by the curriculum objectives.
- “One of the most powerful and straightforward ways a teacher can provide feedback that encourages learning is to have students keep track of their own progress on topics,” (Marzano 2006, p. 89).
Classroom formative assessment strategies emphasize the powerful effect that frequent and specific feedback can have on student learning relative to the curriculum targets at the grade level.

R.J. Marzano states that “formative assessment can and should begin immediately within a learning episode and span its entire, duration. Additionally, formative classroom assessment can take a wide variety of formats, both formal (e.g., paper-and-pencil quiz) and informal (e.g., a discussion, with a student)” (Marzano, 2006).

W. James Popham, conceptualizes formative assessment as a planned process in which teachers or students use assessment-based evidence to adjust what they’re currently doing. Formative assessment involves a series of carefully considered, distinguishable acts on the part of teachers or students or both. Some of those acts involve educational assessments, but the assessments play a role in the process—they are not the process itself.

Encourage assessment of student learning in multiple ways (more than just tests or papers).

One of those activities is the use of assessments, both formal and informal, to elicit evidence regarding students’ status: the degree to which a particular student has mastered a particular skill or body of knowledge. Based on this evidence, teachers adjust their ongoing instructional activities or students adjust the procedures they’re currently using to try to learn whatever they’re trying to learn.

“We sacrifice our aims and our children’s intellectual needs when we test what is easy to test rather than the complex and rich tasks that we value in our classrooms and that are at the heart of our curriculum. (Wiggins, 1998, p.7).

A change in Colombian Law (Decree 1290, April 16, 2009)

Finally, Colombian law regarding assessment scales changed in 2009. Fortunately, this change perfectly aligned with using a four-point scale.

“W e sacrifice  our aims and our children’s intellectual needs when we test what is easy to test rather than the complex and rich tasks that we value in our classrooms and that are at the heart of our curriculum. (Wiggins, 1998, p.7).

**DEFINITIONS FOR ASSESSMENT MODEL**

- **Formative Assessment**
  - Assessments, evaluations, class activities, homework, conferences, and/or observations directed toward a learning goal and carried out consistently during a learning interval (unit, chapter, section, quarter) results in feedback that may be written and may or may not be graded. Formative feedback should drive instruction and modification to lesson planning based on the results of the student(s). There should be on-going, multiple, formative assessment. Students should receive feedback on formal formative assessments before summative assessments.
  - **Informal Formative Assessment** – any reported feedback in the grade book before a summative assessment of the learning interval. Examples include: exit slips, warm ups, class work, paper/pencil, journals, quizzes, activities, presentations, etc.

- **Summative Assessment**
  - Assessments and evaluations that are carried out at the end of a learning interval (unit, chapter, section, quarter, etc.) In advance, students and parents are made aware of when summative assessments will occur and what they will cover. Multiple summative assessments are expected for each learning interval. Examples include: quizzes, tests, essays, labs, presentations, debates, projects, etc.

- **Student Self-Evaluation**
  - Students are provided self-assessment opportunities on academic benchmarks as well as on life skills. This enables students to develop skills in self-reflection and the ability to determine next steps for improvement. Some self-assessment strategies are portfolios, self-evaluation rubrics, and checklists.

- **Student Feedback**
  - Information that will help the learner advance in the learning process. Feedback can be verbal, written, or non-verbal and should be quantitative and qualitative.

- **Learning Evidence**
  - Information from formative and summative assessments of student learning that will help the teacher to direct and modify instruction.

- **Learning Goal**
  - A part of an entire benchmark.

- **Standards**
  - A K-12 statement of what students will understand and be able to do within a specific subject area.

- **Benchmarks**
  - A specific learning goal for particular grade level and subject.

- **Standardized Assessments**
  - We use results of these assessments to reflect on student learning and our program; however, these results are not reflected in subject grades. Examples are MAP, AP, Grade, Stanford Achievement Test 10, CELF, Saber, Pre-Saber, SAT, etc.
Academic Dishonesty & Plagiarism

In cases of academic dishonesty, there will be systematic follow up and developmentally appropriate consequences to reinforce the importance of academic honesty as outlined in our Code of Honor. CNG believes in the importance of teachers ensuring that students receive direct instruction and guidance to understand plagiarism and the correct use of citations acknowledging the use of the direct words of other authors. The school provides various resources including Turnitin.com for student and faculty use in order to check for correct citation as well as to take proactive steps to identify inadvertent “cut-and-paste” plagiarism.

1. Teacher takes steps following the protocol stated in the Academic Dishonesty and Plagiarism document.
2. Teacher informs parents via email, copying Office, as well as refers student to office through referral process.
3. Teacher may require student to re-do the work.
4. Student’s behavior/conduct grade for the assessment should be a 1.0.
5. Please note that students may be placed on Behavior Probation due to Academic Dishonesty.

### Helping Students Meet CNG Standards - Remediation Opportunities

Opportunity Days (OD) are special days and hours designated for students to have the opportunity to meet with any teacher to ask questions, clarify their understanding, or take make-up quizzes or tests. Appointments can be made at the initiative of the student, parent, or the teacher.

High School students who have a grade in a course at 2.2 or lower, may be provided opportunities to remediate work during the semester of study. Please note that as of 2012-2013, students who are failing a course due solely to missing work will not be provided the opportunity to remediate. There is typically no opportunity to remediate course work and grades for each teacher determines completed remediation work. Students should understand that this is an opportunity for learning and his/her responsibility as a student. A lack of attendance during Opportunity Day and/or lack of fulfillment of the stated remediation plan put a student at serious risk of failure of the course.

OD are provided as follows for each school section:

- **Primary School**: support for K-4 to 2nd grade students who are struggling is provided within the school day. Classroom settings such as small group instruction, differentiated instruction, conferencing, Learning Center support, and one to one instruction are offered in order meet individual student needs.
- **Elementary School**: students who need extra help will be required to come from 7:00-8:00 A.M. to work with their teachers on Tuesdays for Homeroom and Thursdays for Spanish.
- **Middle School**: students who need extra help, are working on remediation of a class, or would like to have additional questions answered are asked to attend Opportunity Day from 2:15 - 3:30 Mondays and Thursdays.
- **High School**: students who need extra help, are working on remediation of a class, or would like to have additional questions answered are asked to attend Opportunity Day from 2:15 - 3:30 Mondays, Wednesdays, Thursdays, and Fridays. Each HS teacher has two of these afternoons available to meet with students.

(See CNG CALENDAR for specific dates).

Promotion and Advancement Policy

Promotion occurs when a student has met the standards of a particular course of study or grade level. It is expected that students will be promoted from grade to grade on a yearly basis.

* Evaluation Committee consists of Building Administrator, Counselor, and teacher representative.
Primary School:

Decree 2247, article 10, mandates that students completing K4, K5 and 1st grade will be automatically promoted to the next grade (the school cannot retain them for underperforming), unless parents request that their child is retained or when the school recommends and parents agree.

If a 2nd grade student fails 2 or more subjects, s/he automatically is referred to the Evaluation Committee comprised of Principal, Counselor, and teachers of subjects not passed. This committee studies the individual case and determines recommendations and/or follow up steps. E.g., summer tutoring, repeating.

High School:

Failed Course Policy for High School Students

Students who fail a course by receiving less than 2.0 out of 4.0 or a grade of incomplete (INC) for a quarter (for PE 9, PE 10, and Sociales) or semester final grade have failed a course. When students fail a course, they must retake the course if it is a core course or take another course within the department if it is an elective. Please note that if the students fails the same course a second time, by school policy, the student may not be re-matriculated at CNG. In addition, students have to make up the credits that were failed as all students need 32 credits in order to graduate.

Remediation of Credit for High School Students

When a student fails a course, in addition to retaking the course (or a similar course if not a core course) for credit, he/she must make up the credit lost. The only way this can be done is through a distance-learning or summer school course at an accredited school. Parents are responsible for all associated costs of external courses for credit remediation. As part of the process for making a final decision related to recommendation, the Principal may consider, but not be limited to, the following criteria:

- When a student fails a course, he/she typically must retake courses at CNG for credit. Typically only elective courses are allowed to be taken via distance learning.
- A student may generally take no more than one (a) distance learning course during a given semester; and
- A student must be under the direct supervision of an accredited distance learning provider as approved by the Principal and/or Director.
- A student can apply no more than five (5) total earned credits from distance learning or independent study courses toward the fulfillment of CNG’s required number of credits for graduation.

Credit Requirements for Graduation in Grade 12

In order to graduate from CNG, a student must complete 32 academic credits as specified, complete one hundred and twenty hours of social service, as well as pass a Senior Independent Study (SIS) project. Students who fail to meet one or more of these requirements will not be allowed to participate in the Graduation ceremony. Once requirements are completed, the student may receive the diploma(s) if approved by the High School Principal and Director.

Elementary School:

If a student fails 2 or more subjects, s/he is automatically referred to the Evaluation Committee comprised of Principal, Counselor, and teachers of subjects not passed. This committee studies the individual case and determines recommendations and or follow up steps. E.g., summer tutoring, repeating.

Middle School:

If a student fails 2 or more subjects, s/he is automatically referred to the Evaluation Committee comprised of Principal, Counselor, and teachers of subjects not passed. This committee studies the individual case and determines recommendations and or follow up steps. E.g., summer tutoring, repeating.
Advanced Promotion

The school follows a careful decision-making process to determine grade level placement. For a student to advance grade levels or receive special programs and services, the appropriate administrator will arrange for a meeting of the Evaluation Committee. This cannot happen in High School because of the credit system. Individual parent requests will be considered; however, it is extremely rare for a student to change grade levels.

Process:
- Needs to be done in the first marking period of the school year (Colombian law, Decree 1290).
- Criteria include:
  - Cognitive development
  - Social development
  - Life skills.
- Academics Records
- Disciplinary Records
- Date of birth
- Teachers recommendations
- Parents need to hand in a written request explaining the reasons why they believe their child should be promoted to the next level.
- Evaluation Committee will be convened and study the case, and make a recommendation which will be shared with parents.
- In case of advanced promotion, the Academic Council and the Director’s Council will validate the recommendation.
- Director’s Council makes the final decision which is informed to the parents.

ATTENDANCE POLICY

CNG expects students to be in attendance each and every day that school is scheduled. Parents should plan vacations, medical appointments, and other non-school events around school holidays and school hours whenever possible. Because our AdvancED accreditation standards are very explicit in the number of hours for classroom time required for credit to be granted, the school has implemented the following policies and procedures to encourage regular attendance.

Parents must report student absences to the attendance office of the respective school building within 48 hours of the absence for it to be counted as excused. Parent reports after that time will be noted but not excused. For students who are ill for three or more days, an official doctor’s note needs to accompany the parent email or be delivered to the respective school building office.

In Middle School and High School, students are expected to review Skyward on a regular basis and address any issues they see with either tardies or absences with their parents and/or administration to ensure records are accurate.

In Primary and Elementary School, students who have more than 10 days of unexcused absences are at risk of not getting credit for the school year. Each case will be studied by the MS/HS Evaluation Committee and referred to the Matriculation/Promotion/Retention Committee.

ACADEMIC CONDITIONAL MATRICULATION

Students who have not made satisfactory progress in meeting established academic standards may be placed on conditional matriculation once evaluated by a Promotion and Evaluation Commission. In case of conditional matriculation, after the first semester of the school year, the Commission may indicate that a student should be removed from “conditional matriculation” status or it may indicate that a student needs to continue for another semester with conditional matriculation. If, toward the end of the school year, there is doubt as to whether or not CNG is the best educational environment for the student, he/she may be placed on “matriculation hold” until a decision is made.

PERMANENT WITHDRAWAL FROM SCHOOL

Students who have not made satisfactory progress in meeting established academic standards after completing a retention, or in cases where CNG is not the best educational environment for the student, may be required to leave the school once evaluated by a Promotion and Evaluation Commission. Factors of major concern include second-language acquisition and low academic performance.

STUDENT ACADEMIC REVIEW PROCESS

The student academic review process includes the study, evaluation and recommendation of an Evaluation and Promotion Commission established at the appropriate grade level. The student review process takes place as needed. In addition, the Commission meets periodically in order to consider the cases of those students who have failed two remedial evaluations in academic courses and are, therefore, candidates for retention.

STUDENT STATUS

CNG does not normally permit students to audit classes. The Director of the school can make exceptions to this rule. This is done only when the student speaks no Spanish and has limited English proficiency. The audit permits the student more time out of school as well as in school to increase his/her English competency. Principals will approve or not matriculation as a regular student for these students for the following school year.
RECORD MAINTENANCE AND REPORTS

Skyward’s Grade Book, a standards-based reporting system, is used by all CNG staff members to record progress of student learning and provide feedback to students and parents. This system also generates report cards and allows students, parents, and teachers to access grading and assessment data on demand. In addition, student assessment and progress reports are available periodically in digital form, accessed directly through the Skyward system.

An individual cumulative file for every student is kept in the office of the corresponding school. This file contains all the records of a student’s academic life at CNG, including copies of the quarterly progress reports. Teachers, administrators, parents and the student are allowed to consult the file, but the file must not be removed from the office. Files of graduates are kept under the supervision of the Registrar’s Office (Secretaría Académica).
CNG COMMUNITY CODE OF HONOR AND DISCIPLINARY POLICY

PHILOSOPHICAL FRAMEWORK

CNG Vision and Purpose: Educating the mind, strengthening the body, and developing character for leadership and service in the world of today for a better tomorrow.

The philosophy behind discipline at CNG is to support students in their learning of responsibility and self-discipline as an educational process rather than as a primarily punitive outcome. We believe in positive discipline: setting clear expectations for behavior, explicitly teaching those expectations, and providing meaningful and timely feedback for appropriate behaviors as well as consequences for inappropriate behavior. Integrated into our philosophy is the use of Restorative Practices®, which involves building community, repairing relationships, and making restitution within the school community. CNG also utilizes Positive Action®, which teaches children that positive feelings come from positive actions.

We believe that when we work together as a school community, we create an environment of respect and responsibility. Our expectations for behavior are derived from our Code of Honor and the positive relationships that result from its consistent application across the school.

PRIORITY OF SAFEGUARDING STUDENTS

CNG is committed to protecting children and preventing them from harm as well as to acting with a sense of urgency if a child might be at risk of harm. CNG has a shared definition of child protection that is understood and followed by all school community members, aligned to our beliefs and values. As a school, we comply with all legal and statutory requirements. Clear and robust policy/procedures/protocols have been established for reporting, investigation, follow-up and closure. CNG also has a designated Child Protection Officer (CPO). CNG ensures education and online/virtual safety along with training and support (PD) for our personnel.

CNG Code of Honor for All Members of Our CNG Community

As a member of the CNG community (students, parents, faculty/staff, alumni, and visitors) I will abide by the CNG Mission/Vision Statement, and uphold our Code of Honor, including all our core values on and off campus:

Respect

- Value Uniqueness - I value and protect each individual’s worth, rights, dignity, and boundaries.
- Follow Rules - I follow school rules and model behaviors which honor CNG values and expectations.
- Conflict Resolution - I approach conflicts in a peaceful, thoughtful, and rational manner.
Commitment
- I take ownership of my behavior, decisions, and resulting consequences.
- I am reflective, set challenging goals for myself and strive for personal growth.
- I use critical thinking to make decisions and take educated risks.
- I use my critical thinking to make decisions about behavior which may affect the student's own life and/or the rights of others.
- I take the lead in the effective operation of the CNG community and the school's learning environment; and
- I protect the reputation of the school.

Care For Property
- I safeguard all property: mine, others', and that of the CNG community.
- I promote a positive environment.
- I invest in relationships to reach out to those who are in need.
- I commit to the common good and make decisions and take educated risks.
- I use critical thinking to make decisions about behavior which may affect the student's own life and/or the rights of others.
- I take the lead in the effective operation of the CNG community and the school's learning environment; and
- I protect the reputation of the school.

Integrity
- I demonstrate academic integrity.
- I take ownership of my behavior, decisions, and resulting consequences.
- I am reflective, set challenging goals for myself and strive for personal growth.
- I use critical thinking to make decisions and take educated risks.
- I use my critical thinking to make decisions about behavior which may affect the student's own life and/or the rights of others.
- I take the lead in the effective operation of the CNG community and the school's learning environment; and
- I protect the reputation of the school.

Fair Play
- I am a good sport who knows how to win with grace and lose with dignity.
- I communicate effectively and assertively.
- I display empathy and care for others.
- I am kind to others and myself.
- I am reflective, set challenging goals for myself and strive for personal growth.
- I use critical thinking to make decisions and take educated risks.
- I use my critical thinking to make decisions about behavior which may affect the student's own life and/or the rights of others.
- I take the lead in the effective operation of the CNG community and the school's learning environment; and
- I protect the reputation of the school.

Personal Growth
- I take advantage of opportunities and give my best effort in everything I do.
- I take the lead in the effective operation of the CNG community and the school's learning environment; and
- I protect the reputation of the school.

Empathy
- I am a good sport who knows how to win with grace and lose with dignity.
- I communicate effectively and assertively.
- I display empathy and care for others.
- I am kind to others and myself.
- I am reflective, set challenging goals for myself and strive for personal growth.
- I use critical thinking to make decisions and take educated risks.
- I use my critical thinking to make decisions about behavior which may affect the student's own life and/or the rights of others.
- I take the lead in the effective operation of the CNG community and the school's learning environment; and
- I protect the reputation of the school.

Kindness
- I am kind to others and myself.
- I am reflective, set challenging goals for myself and strive for personal growth.
- I use critical thinking to make decisions and take educated risks.
- I use my critical thinking to make decisions about behavior which may affect the student's own life and/or the rights of others.
- I take the lead in the effective operation of the CNG community and the school's learning environment; and
- I protect the reputation of the school.

Caring
- I am kind to others and myself.
- I am reflective, set challenging goals for myself and strive for personal growth.
- I use critical thinking to make decisions and take educated risks.
- I use my critical thinking to make decisions about behavior which may affect the student's own life and/or the rights of others.
- I take the lead in the effective operation of the CNG community and the school's learning environment; and
- I protect the reputation of the school.

Restorative Practices
- I use my critical thinking to make decisions about behavior which may affect the student's own life and/or the rights of others.
- I take the lead in the effective operation of the CNG community and the school's learning environment; and
- I protect the reputation of the school.

The rules set forth below serve one or more of the following basic purposes:

1. To protect a member of the CNG community from having his or her rights infringed upon by others;
2. To help a student make responsible decisions about behavior which may affect the student's own life and/or the rights of others;
3. To aid in the effective operation of the CNG community and the school's learning environment; and
4. To protect the reputation of the school, our students, and the CNG community.

Given our school and community values, the behaviors outlined below are inappropriate for students attending CNG. This list is not exhaustive and situations not outlined below will be handled by the School Administration in accordance with CNG Board Policy. Inappropriate behaviors are classified as Minor, Serious, or Grave offenses. Disciplinary consequences may be applied for behaviors that occur on school grounds, on school buses, at all school-sponsored events, and when traveling to/from school events as a bystander, aggressor, or victim) outside school; or grave, School Administrators become involved in the process of determining the most appropriate consequences, as outlined below. Along with consequences, Restorative PracticesTM are utilized to help students take responsibility for their mistakes, repair relationships, and build community. Any member of the community (staff, parents, alumni, etc.) who fails to uphold the requirements and responsibilities as outlined above may lose the opportunity to fully participate in school and community activities. School-determined sanctions may include the disciplinary consequences as outlined in this handbook as well as restrictions from attending school events and the loss of campus visitation privileges to ensure the safety and well-being of others as determined by the CNG Principals, Director, and/or Board of Directors.

Teachers, staff members, and students are responsible to report any violation of the Code of Honor to a building Administrator. Records will be kept in student files documenting any student involved in violation of the Code. For cases within the classroom or on buses, the teacher's or staff member's observation of the behavior or physical evidence constitutes sufficient proof for determining failure to meet expected behaviors. For cases outside of school, CNG reserves the right to conduct an investigation to determine justification for the school taking further action. As examples, the school may investigate:

1) students who are involved in fights (whether as bystander, aggressor, or victim) outside school;
2) students who are involved in inappropriate online behavior; or
3) students who provide or sell alcohol or other drugs or who may possess any type of weapon.

Final determination or verification of a violation will be made by the Principal or the administrative designee, and if necessary, through the intercession of the Director. The consequences for violating the Code are cumulative throughout a student's time at CNG. Notwithstanding the above, instances of Serious or Grave behavior, either on or off campus, may be subject to immediate suspension or recommendation for expulsion.

Discipline Policy

When negative behavior is repetitive, serious, or grave, School Administrators become involved in the process of determining the most appropriate consequences, as outlined below. Along with consequences, Restorative PracticesTM are utilized to help students take responsibility for their mistakes, repair relationships, and build community.

18. Possessing or brandishing a look-alike weapon.
20. Any other improper conduct of students, which in the judgment of the School Administration, was serious.
II. POSSIBLE RANGE OF DISCIPLINARY CONSEQUENCES

As a community, we believe that the development of personal responsibility requires an understanding of natural consequences for our actions, and children should experience these consequences in order for learning to occur. Whenever possible, consequences should be related to the infraction and should be intended to make reparation to those who have been impacted to help recover the student’s standing with the school community. Consequences for students, particularly at Primary and Elementary levels, may be adjusted by the School Administration according to the specific infraction, contextual circumstances, and the developmental age of the child. Disciplinary procedures should maintain the dignity and self-worth of the individual. For other members of the CNG Community who violate the Code of Honor, the Administration may determine the specific sanction to apply in each specific case, taking into account precedent in similar cases.

Minor Offenses – Range of possible actions or consequences

Teachers will respond to and assign appropriate consequences for most minor offenses. For cases within the classroom, the teacher’s observation of the behavior or physical evidence constitutes sufficient proof for determining failure to meet expected behaviors. Actions or consequences may include but are not limited to:

- Student reflection
- Restorative Circles
- Temporary removal from class
- Student/Teacher conference
- Teacher documentation
- Parent contact
- In-class, break, or lunch detention
- Restrictions from attending school events
- Loss of campus attendance or visitation privileges

Additionally, Administrators may assign the following consequences:

- After-school detention
- Short-term suspension (up to 5 days)
- Matriculation Hold/Conditional matriculation

Serious Offenses – Range of possible actions or consequences

- Student reflection
- Restorative Circles
- Temporary removal from class
- Student/Teacher conference
- Teacher/Administrator documentation
- Parent contact
- Detention
- Restrictions from attending school events
- Loss of campus attendance or visitation privileges
- Anti-harassment contract
- Behavior Advisement/probation contract
- Short-term suspension (up to 5 days)
- Long-term suspension (5-10 days)
- Matriculation hold/Conditional matriculation
- Recommendation for expulsion

Parents are required to conference with the Administration if requested. Additional follow-up actions may include but not be limited to student reflection, student and parent conference with Administrator, and Restorative Conferences.

Grave Offenses – Range of possible actions or consequences

Grave offenses result in suspension as per established due process considerations.

Instances of Serious or Grave behavior as outlined by this policy, either on or off campus, may be subject to immediate suspension or recommendation for expulsion. The school may also take action based on violations of the four basic principles outlined at the beginning of this behavior expectation section.

A recommendation for expulsion must be taken to the Board of Directors and Director’s Council as per established due process considerations.

Cumulative Suspensions

Students accumulating more than 10 days of suspension during a school year may be recommended for expulsion by the Administration.
III. APPLICATION OF DISCIPLINARY CONSEQUENCES

CNG rules and regulations for students are defined throughout this handbook. Students and parents should be thoroughly familiar with the school’s expectations of behavior given that CNG will maintain a complete record of behavior infractions in the cumulative file of every student. Failure to adhere to the rules and regulations may result in one or more of the following disciplinary actions being taken. These consequences are progressive in nature; however, the Administration may advance beyond any particular step depending on the severity of an infraction or series of infractions.

1. Meeting with Administration and parent notification by teacher or Administrator (with further disciplinary action if deemed appropriate by Administration).
2. Detention during or after the school day for a time and duration determined by the Administration.
3. In-School Suspension for a time and duration determined by the Administration. Students are expected to make up all missed work.
4. Out-Of-School Suspension for a time and length determined by the Administration to be appropriate for the infraction(s). Students are expected to make up all missed work.
5. Behavioral And/Or Academic Contract that the Administrator may implement at any step.
6. Matriculation Hold may occur in cases of repeated issues of behavior and/or grave offenses.
7. Referral Of Case To The School’s Comité De Convivencia (As Required By Colombian Law)
8. Expulsion to be recommended by the Administration through due process proceedings to the Board of Directors and Director’s Council based on the severity of an infraction or series of repeated infractions.

School Administration reserves the right to suspend or to recommend for expulsion any student if he/she cannot adapt to school surroundings and/or presents a disciplinary or student safety problem of a serious and continual nature or as a result of in-school or out-of-school grave behavior(s).

The following parameters will guide the application of the disciplinary consequences:
- Disciplinary consequences are applied as follows:
  - Minor offenses are cumulative on a yearly basis; Serious and Grave offenses are cumulative for the duration of attendance at CNG.
  - Students on out-of-school suspension may not enter the school campus, attend class, or take part in any school-sponsored activity including but not limited to sports events, CWW trips, competitions, and academic or co-curricular events.
  - Students on suspension may include restrictions from attending school events and the loss of campus visitation privileges as determined by the CNG Administration, Director, and/or Board of Directors.
- In addition to the consequences listed in this handbook section, national laws, Board Policy, CNG’s Co-Curricular Code of Conduct, as well as all other student organization bylaws may also apply to the potential range of sanctions.

IV. ADMINISTRATION OF THE CONSEQUENCES

The School Administration has the responsibility for applying consequences to uphold the behavior expectations of the school. Learning Center faculty, counselors, and other relevant personnel may be consulted. These disciplinary consequences include but are not limited to the following: Detention, In-School Suspension, Out-of-School Suspension, or recommendation for Expulsion.

1. In the cases of Minor offenses, the disciplinary consequences can be administered either by the teacher or administrator.
2. In case of Serious offenses, the disciplinary consequences should be administered by the Administrator and/or Director.
3. In the case of Grave offenses, the disciplinary measures applied may involve the Administrator and the Director. In the case of a recommendation for expulsion, the Board of Directors and Director’s Council must be involved in reviewing and deciding on the case as per due process requirements.
CNG Disciplinary Processes

Whenever possible, the following process will be used by the Administration in cases of serious or grave behavior.

1. Student provides a verbal statement and, when required, a written and signed statement to the Administration related to the specific incident or event in question.

2. The Administration may also investigate allegations with other students, community members, or other entities who may also be asked to give statements.

3. The Administration will make a decision regarding appropriate consequences and the disciplinary process; the sanction(s) will be communicated to student and parents. The student’s written statement may be shared with parents who may choose to submit their own statement as part of due-process considerations.

4. The Administration may need to inform leaders of co-curricular activities depending on the severity of the sanction and disciplinary outcome. The advisors will then undergo their processes as determined in the organization or athletic bylaws or protocols. The advisors will have ten business days to make a recommendation to the Administration on entity-specific sanctions and the Administration will inform the student and parents of the recommendation.

5. Students holding leadership positions and/or elected offices (Personero, Vice Personero, STUCO President, NHS President, team captain, etc.) are held to the highest standards for behavior. Therefore, the Administration will receive the recommended sanction from the advisor of the respective body and make the final determination of the sanction and disciplinary outcome, especially in cases related to the student’s potential removal from office. The Administration will report to the student and parents within ten business days after receiving the recommended action by the entity.

6. As part of the school’s established due process, students and parents may appeal to the next level of the school’s established lines of authority until the appeal process reaches its conclusion. Within the appeal process, the student and parents will have five business days to request a review of the decision to the next line of authority. The specific governance level which hears the appeal will have ten business days to make an initial response to the appeal request.

Important Note: The online version of the CNG Community Handbook, including the most updated version of the Code of Honor and Disciplinary Policy, is considered the official document in effect at CNG.
Colegio Nueva Granada is committed to maintaining a safe environment where learning can be maximized. We want to spend our time at school in the most effective way possible, emphasizing teaching and learning. All students have a responsibility toward their education, and our goal is to have responsible behavior from all students. In order to accomplish this, students are asked to observe basic guidelines and follow certain procedures.

**HYGIENE RULES**

All students and Staff should wash their hands

- 2nd incident: Written warning
- 3rd incident: One (1) day suspension from the bus
- 4th incident: One (1) week (5 school days) suspension from the bus
- 5th incident: Indefinite suspension

### RULES FOR USE OF ALL PARKING AREAS AT COLEGIO NUEVA GRANADA

During the current construction phase at CNG, parking will not be available except for emergencies as determined by Administration.

### LEAVING AND MOVING AROUND CAMPUS

By board policy, CNG is a closed campus; therefore Colegio Nueva Granada does not allow any unauthorized leaving of campus. The security guards are instructed not to let students off campus unless they have a CNG gate pass.

### PERMANENT GATE PASS CONTRACT

Students who normally arrive and leave by car every day should have a Permanent Gate Pass. It is suggested that students request a gate pass the first week of school. Parents must authorize their sons/daughters by filling in a “Permanent Gate Pass Permission Contract”. As soon as this form is turned into the office, and signed by a parent, a “Permanent Gate Pass” is issued to students. This pass allows students to leave through any of its gates, at regular hours. When the Permanent Gate Pass is left at home, parents must send the school office during morning hours, a written authorization requesting a one-day pass.

### SELLING, TRADING ITEMS

No selling or trading of items is allowed on school grounds for a student, parent or faculty member personal benefit. Items being sold, bought, or traded will be confiscated and not returned. Exceptions are fund raising campaigns for CNG organizations previously approved by the Principal of each school.

### VALUABLES AND ELECTRONIC DEVICES

Students should only bring those personal items to school which are necessary for the completion of school work. It is recommended that valuables not be brought to school (such as laptops, tablets, phones).
as expensive jewelry, hi-tech equipment, top-of-the-line sporting goods, etc.). When necessary, students may bring such items but at their own risk. The school is not responsible for personal items brought to school which may be lost, damaged or stolen. Items brought to school should be clearly marked with the student’s name.

Primary School students are not allowed to bring cellular phones or any electronic devices to school. If parents need to reach their Primary School child during the day, they should contact the school office. Similarly, if students need to reach their parents, they need do it from the Primary Office.

Elementary School students are allowed to bring cellular phones to school as long as they are turned off and stored away during the school day. Phones should be kept in backpacks and are not to be used to make last-minute arrangements for dismissal and/or after-school activities. These arrangements may only be made through the Elementary Office. Any cellular phone found being used by an elementary student during the day may also be used after completing semester exams. Repeated infractions will result in the device being confiscated by the teacher and turned into the office. The student may not pick up the confiscated device until the end of the school day. Repeated offenses will have consequences in accordance with the CNG Code of Honor and Disciplinary Policy.

TEXTBOOKS

Textbooks are loaned to students for use during their enrollment in a specific course. All books are the property of the school and should be well kept. Any lost or damaged books must be paid for by the student. Students will not get books for the next school year until they are paid in full. When students leave CNG, they are responsible for returning the loaned textbooks. Student safety and children’s rights are paramount and will have priority over any other consideration regarding the use of ICT resources in the school and for school purposes.

CNG ACCEPTABLE USE POLICY (AUP) FOR INFORMATION AND COMMUNICATION TECHNOLOGIES (ICT)

Updated May, 2018

STATEMENT OF VISION, PHILOSOPHY AND FRAMEWORK

CNG believes that today’s students need to be safe and proficient users of technology, information, and media, and that the use of electronic resources is an integral and powerful means for students to learn subject content and skills. Therefore, CNG provides access to electronic resources and ample opportunity for students to use tools that enhance the educational process, on-line communication, and a student’s ability to live, work, and learn in the 21st century.

Our goal is to provide a safe learning environment for students to be able to find, retrieve, manage, create, share, and publish informational resources, while protecting copyright, respecting privacy and rights as well as those of other computer users.

The following questions should assist community members in determining best practices:

• Is my use of the ICT resources equitable/fair with educational needs?
• Do I verify who has access to the content I share or publish?
• Am I respecting the rules/terms of use of the resources that I am using?
• Have I planned and booked or ensured the availability of the ICT resources that I will require?
• Is my use of the resources equitable/fair with other members of the community?

Best Practices for the use of CNG ICT Resources

The purpose of this document is to assist members of the community in the use of all school Information and Communications Technology (ICT) resources to ensure safety, good manners, appropriateness, responsibility, and honesty in line with the vision and mission of CNG. Student safety and children’s rights are paramount and will have priority over any other consideration regarding the use of ICT resources in the school and for school purposes.
• Am I considering Academic Dishonesty when accessing or using information from the ICT resources of the school?
• Have I evaluated potential risks (safety, appropriateness, ethics) of the use of the equipment/information/content with my intended audience?
• What information or resources would a person have access to if I don’t secure access to my accounts?
• (Insecure passwords, computers/devices that are left logged in, etc.)
• Am I knowledgeable of the characteristics of the ICT resources that I intend to use?
• Have I reported any problems with the ICT resources or noncompliance with the AUP guidelines?
• Is my use of the ICT resources of the school responsible in terms of our environment?

Guidelines for Acceptable Use

• Access media that is focused on learning and educational purposes.
• Only use school ICT resources for educational purposes.
• Share only information, images, or materials that are available for the specific need you have.
• Consider the impact of your use of shared ICT resources on other members of the community. (Impact on bandwidth, availability of equipment for others, size of the files sent by email or published for download, etc.).
• Verify that appropriate referencing of the information used is available and respects copyright issues.
• Use secure passwords and always login as yourself. Respect confidentiality of the information you have access to.
• Seek information on the use of the tools you will require either directly or from the specialist who can provide support.
• Be aware of AUP guidelines and report any issues that are not in accordance to the policy. Follow the proper channels to report any problems with ICT resources.
• Do your best to preserve the consumable resources by limiting printing or turning off equipment when not in use (computers and projectors for example).

UNACCEPTABLE USES OF ICT RESOURCES

Unacceptable uses of school ICT resources include but are not limited to the following areas and descriptors.

Behavior

• Copyright infringement is not tolerated. Material should be used only for personal, legal use. Unapproved duplication and distribution of materials is not allowed and neither is piracy, for example.
• Academic Dishonesty including plagiarism, collusion, and fraud are not allowed.
• Disregard for “Netiquette” will have consequences.
• Contravening the “Use of Electronic Communication and Social Media” policy for staff members, is not tolerated.
• Violating Terms of Service in any way for software, hardware, and online services used is not allowed. This includes following age restrictions, parental consent, distribution, duration of licenses, etc.
• Using school ICT resources for any commercial purposes, private advertising, gambling, gaming, trading, pornography, etc is not permitted.
• Using any resources in relation with or in support of illegal activities is not tolerated.
• Attempting to harm or destroy school equipment, materials, or data will not be permitted. In addition, all community members should seek to treat shared equipment in a responsible and respectful manner, returning checked out items in the same (or better) condition.
• Attempting to degrade or disrupt the school’s system performance is not allowed.
• Tampering with or stealing components of school equipment or systems will not be tolerated.
• Illegal or inappropriate access to Skyward and other CNG Technology systems which store and warehouse student and family information will not be tolerated.

Security

• Sharing or publication of sensitive or confidential information such as, but not limited to, home addresses, phone numbers, or birthdates is not permitted.
• Creation or distribution of Malware will not be tolerated.
• Accessing data or accounts of another user, or tampering, deleting, renaming, moving, or making unusable anyone else’s files, equipment, or programs will not be tolerated.
• Impersonating someone else is not allowed. This includes taking advantage of devices which have not been correctly “logged out” by the user who has signed in.
• Disclosing personal passwords or allowing others to make use of network access privileges to gain access to resources or information to which they would otherwise be denied is not tolerated.
• Installing or running any software on the school equipment or network without authorization from the network Administrators is not permitted.
• Using proxies to bypass school internet filtering, or using software of hardware that may compromise the security of other CNG systems will not be tolerated.
• Any form of unauthorized or illegal access into CNG ICT will not be tolerated.

Content

• Accessing, submitting, posting, publishing, or displaying any inaccurate, abusive, obscene, profane, sexually-oriented, threatening, racially/ethnically offensive, harassing, bullying, disrespectful, sexually explicit,
sexting or illegal material is not tolerated. Please see CNG Code of Honor and Disciplinary Guidelines for further information.

- Posting pictures, videos, or other recordings of another person, without their or their legal guardian’s consent, or posting material authored or created by another without his/her consent is not allowed.
- Publishing content that negatively affects the name of the school or any of its members is not tolerated.
- Distributing unsolicited junk mail, chain letters, advertisements, or political propaganda is not allowed.

Legal Implications

CNG reserves the right to deny, revoke, or suspend user privileges and/or take other disciplinary action for violations of these guidelines. Disciplinary action may include suspension or expulsion for students and dismissal for staff. Actions that may be regarded as criminal activities may be reported to authorities.

Warnings

In order to protect students against unacceptable web content, CNG uses web filtering technology and makes every effort to limit access to objectionable material. However, no web filtering technology is 100% safe and, on a global network, it is impossible to control or prevent the further distribution or use of the material by those who access the information.

Student work and information that is published electronically on the web will follow the Student Work Parent Consent Form which is signed by parents each year.

Hardware and Software

There are computers available for student use in the computer labs and the school libraries, these have all the software necessary for school use. There are also iPads and other devices in different areas of the school. These resources are CNG property and should be used for educational purposes only.

Students may be liable for damage to the equipment used and handled by them if there was irresponsible or malicious behavior. Incidents reported will be investigated to determine whether the student should face disciplinary action and/or be charged for the repair of the equipment.

PRINTING AND PHOTOCOPYING SERVICES

CNG provides students access to printing and photocopying services at printers set up for them at the EVL Library and the High School hallway. In order to use these services, students must purchase credits at the main copy center to add to their account. Once they have credit in their account they can release prints and/or make photocopies.

STUDENT GUESTS

Any non-matriculated student or adult visitor to campus needs to register with security and have approval by the division office or by the Admission Office in order to visit campus. It is recommended that approval be sought 24 hours in advance.

PET VISITS

CNG is a pet-free zone. Exceptions to this requirement, need the written permission of the administrator.

SPORT ACTIVITIES AND PLAYGROUNDS

Good sportsmanship is expected on all playgrounds, during recess, in all sport-related activities, and at all UNCOLI events. (See The Student-Athlete and Parent Handbook in the Athletic Program section of CNG’s web site) Primary and elementary students may not leave the playground area without permission.

EDUCATIONAL FIELD TRIPS (EFTS)

Educational Field trips are part of the teaching-learning process. Opportunities to participate in field trips, academic competitions, and athletic events are offered to students at Colegio Nueva Granada in order to enrich their educational experience. All Educational Field Trips (EFTs) must be approved by the Department of Athletics and Co-Curricular Activities Office.
The team leader must request authorization by filling out the Request for Day Trip Form and submitting it to the Athletics and Co-Curricular Activities Office. This request must have approval from the school Principal.

All EFTs must have a specific purpose and objective related to CNG’s curriculum.

All CNG students who leave from CNG on a field trip must return to CNG where parents must pick them up. Parents may not pick up students in another location different from CNG.

Every trip must be accompanied by one CNG staff chaperone for every 10 students.

All trips must have U.S. Embassy security clearance.

Once the trip is approved, the trip leader must send a written communication to parents signed by trip leader, the Principal, and the Director of Athletics and Co-Curricular Activities Office.

The libraries / media Labs are also classrooms and librarians are ultimately responsible for classroom management. In all libraries, students should:

- Follow library rules and guidelines
- Maintain a quiet atmosphere; if communication is necessary use a low tone of voice.
- Respect the use of library materials: Do not eat or drink or chew gum.
- Library furniture is to be treated properly.

The dress code must be followed at all times. Leave backpacks/bags in the cubbies outside the door. Leave pursed books on the tables. Use computers for academic purposes.

The mission of The CNG Health Zone is to provide comprehensive care to all members of the educational community. Within the caring role, the Health Zone programs intervention activities to identify basic health needs, provide education and conduct orientation to foster and maintain the health of our entire School. The nurse intervenes in real and potential health problems, offers special case management and actively collaborates with others to build a healthy environment. The Health Zone is for the students and staff. Three nurses are on duty as long as there are students and staff on campus.

Important Health Zone Reminders:

- Children are not allowed to have any kind of tobacco products.
- In the event that a student is undergoing medical treatment and needs to take a prescribed medication at school, the student should bring a written Doctor’s prescription with the corresponding medicine to the Health Zone for us to be able to administer it.

Middle and High School students may go during breaks, lunch, or after school.

of medicine with them, unless written Doctor’s prescription requires it.

All accidents that occur while on school property must be reported to the nurse. No matter how insignificant the accident may appear, an on the job accident report should be filled out according to the Colombian Law, as a work related incident.

If a student has health issues that he or she is familiar with like: migraines, indigestion, menstrual cramps, sinus congestion, etc., the student has come to school prepared with his or her own medication and helps us in keeping the flow through the Health Zone down.

Unless it is an emergency, and as a courtesy to other patients, students have to wait for their turn to receive our care according to arrival order.

The CNG nurses are not allowed to prescribe medicine, nor diagnose.

Students who need to take medication regularly at school, such as Ritalin, have to come to the Health Zone at their scheduled time.

The visits to the Health Zone are limited to a maximum of 15 minutes. If they require more attention, parents will be contacted and advised to come to collect their son/daughter.

Minor accidents: scratches, small cuts, scrapes, etc. can be washed off in the bathroom.

Teachers or school secretaries ALWAYS give their students a pass (ISO form R-SS-08) to visit the Health Zone, even if they are in P.E. class, lunch, or recess. The only exception is an emergency. Please fill out the form (Name, date, grade, fill out first column, write down any observations) with your signature. The Health Zone pass is a very important communication tool between teachers and the nurse, as well as a way to inform parents of their child’s visit. Please ask your school secretary for the booklets.

Nurses are the only staff who may indicate to parents that a student should go home. Parents who suspect their son/daughter is ill, should have them seen the nurse for verification.

ENVIRONMENT CONTROL

School Campus

The totality of all school grounds and all school-sponsored events are considered “smoke-free” environments; use of alcohol by students is also prohibited. Possession, distribution, or use of drugs by students or staff is prohibited on our campuses.

CHILDREN AND ADOLESCENTS PROTECTION MANUAL

CNG BOARD CHILD PROTECTION POLICY

As a CNG community, we recognize the responsibility to safeguard the welfare of the children and young people in our care. Child abuse and neglect are violations of a child's human rights and obstacles to the child's physical, emotional, and mental development. International school communities are particularly vulnerable given that the nature of abuse often requires secrecy, isolation, and limited access to support resources. As a school community, we have a duty to take strong proactive measures to address this reality.

CNG is committed to promoting a safe and secure environment by protecting all children in our care. In order to achieve this goal, we will respond with a sense of urgency whenever a child is a victim or is at risk of becoming a victim. Educators have the opportunity to observe and interact with children over time and are in a unique position to identify children who may need help and protection. As such, educators have a professional and ethical obligation to identify children who are in need of help and protection, and the school must take the appropriate steps to ensure that the child and family avail themselves of the services needed to remedy any situation that may constitute child abuse or neglect.

All CNG faculty and staff must report suspected incidents of child abuse or neglect. Administrative reporting and follow up of all suspected incidents of child abuse or neglect will proceed in accordance with the regularly-updated CNG Child Protection Policy.

CNG endorses the Convention on the Rights of the Child and complies with local and international legal requirements. CNG seeks to be a safe haven for students who may be experiencing abuse or neglect in any aspect of their lives. CNG will maintain a Child Protection Policy, inform parents of key information related to child protection, teach students appropriate skills and knowledge related to abuse and neglect, provide annual training for all staff on their key responsibilities, and make every effort to implement strict hiring practices to ensure the safety of children. In the case of a staff member reported as an alleged offender, CNG will conduct a full investigation following our carefully determined course of due process aligned with Colombian law.

By matriculating their child at CNG, parents agree to work in partnership with the school and abide by the policies adopted by the CNG Board of Directors. The school/parent partnership is essential for providing the highest level of safety and care for our children.

Approved by the CNG Board of Directors
Policy Adopted on September 5, 2016

EXPECTATIONS FOR ALL CNG COMMUNITY MEMBERS

1. All CNG employees are required to report any suspicious behavior as soon as possible to their immediate supervisor. The Administrator will be responsible for determining whether or not the behavior constitutes inappropriate behavior.
2. Students, parents, or visitors are expected to report any suspicious behavior as soon as possible to a counselor or administrator.
3. CNG administration will follow a clear protocol for investigation and follow-up.
INTRODUCTION

This Child Protection Handbook will be shared with and reviewed by all staff and families to guide us in matters related to the health, safety, and care of every child. This policy is based on U.S.1 and Colombian law as well as the United Nations Convention on the Rights of the Child2 of which the U.S. and Colombia are signatories. Two key articles of the Convention that guide our work related to protecting our children are:

Article 19 - Protection from Abuse and Neglect

The State shall protect the child from all forms of maltreatment by parents or others responsible for the care of the child and establish appropriate social programs for the prevention of abuse and the treatment of victims.

Article 34 - Sexual Exploitation

The State shall protect children from sexual exploitation and abuse, including prostitution and involvement in pornography.

Schools fill a special institutional role in society as protectors of children. CNG seeks to ensure that all children in our care are afforded a safe and secure environment in which to grow and develop. Educators, having the opportunity to observe and interact with children over time, are in a unique position to identify children who may need help and protection. As such, educators have a professional and ethical obligation to identify children who are in potential need of help and protection and to take steps to ensure that the child and family avail themselves of the services needed to remedy any situation that constitutes child abuse or neglect.

All staff employed at CNG must report suspected incidences of child abuse or neglect whenever the staff member has reasonable cause to believe that a child has suffered or is at risk of abuse or neglect. It is also expected that any adult visitor or volunteer at CNG will report any suspected cases to administration in a timely fashion. Reporting and follow up of all suspected incidences of child abuse or neglect will proceed in accordance with the procedures outlined in this policy. Furthermore, cases of suspected child abuse or neglect may be reported to an expatriate family’s respective embassy/consulate in Colombia, to the appropriate employer, to the appropriate child protection agency in an expat family’s home country, and/or to local authorities.

CNG endorses the Convention on the Rights of the Child and seeks to be a safe haven for students who may be experiencing abuse or neglect in any aspect of their lives. CNG will distribute this policy annually to all parents and applicants, communicate this policy annually to students, provide annual training for all staff, and make every effort to implement hiring practices to ensure the safety of children. In the case of a staff member or volunteer reported as an alleged offender, CNG will conduct a full investigation following a carefully designed course of due process aligned with school policy and Colombion law.

By enrolling their child at CNG, parents agree to work in partnership with the school and abide by the policies adopted by the CNG Board of Directors. The school-parent partnership is essential for providing the highest level of safety and care of our children.

In order to ensure all children at CNG are protected from abuse, exploitation, and neglect, the CNG has adopted child protection policies and procedures including:

- A written Code of Honor and Disciplinary Policy, which applies to all members of the CNG community;
- Professional Boundaries, Electronic Communication and Social Media Usage policies outlining explicit expectations for healthy interactions between adults and children;
- Shared definitions and understandings related to abuse, exploitation, and neglect;
- Consistently applied procedures for reporting and responding to suspicions or allegations;
- Training and education related to child protection for all students, families, and staff;
- Diligent screening and selection of all new and existing staff, faculty, and volunteers;
- Protocols and procedures for the implementation of the “Ruta de Atención Integral para la Convivencia Escolar” (procedures for the comprehensive assistance in matters related to violations of human, sexual and reproductive rights in boys and girls in educational environment); and
- Assigning a Child Protection Officer and to the task of reviewing and supporting the implementation of the Child Protection Policies and Procedures.

Child protection is a multi-faceted issue that involves dynamics of the child, the family, and the community. This CNG Child Protection Policy works to respond at three levels: the child, the family, and the community.

DEFINITIONS

NEGLECT

The action of not taking proper care of someone. This includes failure to provide food, shelter, appropriate supervision and hygiene, medical care, or psychological treatment for a child.

Neglect may be physical (e.g., failure to provide necessary food or shelter, or lack of appropriate supervision—this would include failure to provide proper adult guardianship such as leaving children unsupervised at home for any extended period of time), medical (e.g., failure to provide necessary medical or mental health treatment), and psychological (e.g., a pattern of actions, such as: inattention to a child’s emotional needs, failure to provide psychological care, or permitting minors to consume alcohol or other drugs.) Specific examples may include verbal humiliation, refusing to acknowledge presence of child, invasion of privacy for no specific reason, violent threats, etc.

PROVIDING ACCESS TO TOBACCO, VAPING, AND/OR ALCOHOL TO MINORS OR PROVIDING ACCESS TO ILLEGAL AND ILLICIT DRUGS/PARAPHERNALIA TO STUDENTS

- “We strongly believe that Parent Support, both at school and at home, with the anti-bullying, alcohol, smoking, and drug policies is a fundamental part of our community values.” (CNG Matriculation Contract: 1 Participation and Support)
- It is a CNG Grave Offense for students to “use, possess, be under the influence of, or disseminate alcohol and/or other drugs or any type of unauthorized substance prohibited by the laws of the country. This includes drug paraphernalia.” (CNG Code of Honor & Disciplinary Policy)
• Parents who show neglect by providing minors access to legal and/or illegal drugs will be referred to the Comité de Convivencia Escolar and authorities as required.

At times children might not recognize that they are being neglected, which is why it is of critical importance that all CNG adults are looking for the signs and indicators of possible neglect.

Overview of the prohibitions and penalties associated with the consumption of alcoholic beverages and psychoactive substances by minors, as well as the parent’s responsibility related to this issue. And the use of false identification cards.

Please note that Law 124 of 1994 prohibits the sale of alcoholic beverages to minors. The facilitator of alcoholic beverages could be sanctioned in accordance with the Police Code. For its part, the Children and Adolescents’ Code, Law 1098 of 2006, provides that children and adolescents will be protected against the use of snuff, psychoactive substances, drugs or alcohol and the use, procuring or offering of minors in promotional, production, harvesting, trafficking, distribution, and marketing activities.

According to Law 745 of 2002, which establishes that whoever consumes drugs or substances that cause dependence, in the presence of minors, will incur in penalties, notwithstanding the Colombian legal system, this behavior could lead to financial losses, which, ultimately, would cover by you as the responsible one for your minor children.

Please refer to the Comité de Convivencia Escolar and authorities as required.

According to Law 745 of 2002, which establishes that whoever consumes drugs or substances that cause dependence, in the presence of minors, will incur in penalties, notwithstanding the provisions of the Children and Adolescents’ Code and the Bogotá Police Code, parents need to know the possible sanctions that could be imposed for failing the duty to prevent the consumption of alcohol and psychoactive substances by minor children.

• Social work in places of public interest, like ecological or humanitarian service.
• Fines between forty (40) and fifty (50) monthly legal minimum wages in force.
• A warning with mandatory attendance at educational courses. Failure to comply with the obligations imposed in the exercise of due diligence with a revamped, will lead to the punishment of violators of a fine equivalent to the value of one (1) to one hundred (100) current legal minimum daily wages, convertible to arrest at a rate of one (1) day per each daily legal minimum wage prevailing fine. This penalty will be imposed by the Family Advocate.
• The obligation to repair the damages caused by your minor children to third parties.
• Assistance to Coexistence Educational Programs.
• Linking to specialized care programs (rehabilitation).
• Location of the child in provisional homes or foster homes.
• Adoption (Through the loss of parental rights).

It is important to emphasize that if parents allow or facilitate alcohol or psychoactive substances to be consumed in a meeting, party, or celebration at home, they may be subject to the sanctions described. Likewise, when through one of your employees (drivers, guards, service employees, etc.), the minor is given access to these substances or beverages, both the employee and the parent will be liable to be sanctioned in the above terms, without prejudice that the parents will be called to answer for damages caused to third parties.

Regarding the use of false identification cards, when a child carries or uses one to enter authorized places for adults only or to purchase alcohol, he may be committing a crime. Even though the use of false documents cannot be punished with deprivation of liberty, due to special handling of criminal responsibility for minors that occurs in the Colombian legal system, this behavior could lead to financial losses, which, ultimately, would be covered by you as the responsible one for your minor children.

For all of these reasons, we want to invite you to share this information with your children in order to prevent any of these situations. In the same way, the Administration at Colegio Nueva Granada is at your disposal to provide personalized guidance on any of these issues, if required.

POSSIBLE INDICATORS OF NEGLECT

• Child is unwashed or hungry
• Low academic performance
• Parents do not respond to repeated communications from the school
• Parents do not provide the recommended supports/actions requested by the school
• Child does not want to go home
• Depression
• Both parents or legal guardians are absent from Bogota for any period of 24 hours or greater, without appropriate provision made for child’s care, and a temporary guardian named
• Parents cannot be reached in the case of emergency.

PHYSICAL ABUSE

Physical abuse is inflicting physical injury on a child by other than accidental means or creating a substantial risk of physical harm to a child’s bodily functioning. It also includes committing acts that are cruel or inhumane regardless of observable injury. Such acts may include, but are not limited to, instances of extreme discipline
demonstrating a disregard of a child’s pain and/or mental suffering. Physical abuse is also assaulting or criminally mistreating a child, engaging in actions or omissions resulting in injury, or creating a substantial risk to the physical or mental health or development of a child. Failure to take reasonable steps to prevent the occurrence of any of the above would also fall under the category of physical abuse.

At times children might not recognize that they are being abused, which is why it is of critical importance that all CNG adults are looking for the signs and indicators for possible physical abuse.

POSSIBLE INDICATORS OF PHYSICAL ABUSE

- Unexplained bruises and welts on any part of the body
- Bruises of different ages (various colors)
- Injuries reflecting shape of article used (electric cord, belt, buckle, ping pong paddle, hand)
- Injuries that regularly appear after absence or vacation
- Unexplained burns, especially to soles, palms, back, or buttocks
- Burns with a pattern from an electric burner, iron, or cigarette
- Rope burns on arms, legs, neck, or torso
- Injuries inconsistent with information offered by the child and/or inconsistent with the child’s developmental abilities
- Immersion burns with a distinct boundary line
- Unexplained laceration, abrasions, or fractures
- Variations in explanations of events by caregivers or over time
- History of prior suspicious injuries

SEXUAL ABUSE OR SEXUAL VIOLENCE

Undesired sexual behavior by one person upon another. This includes both contact and non-contact forms. In this context, Colombian law defines sexual violence as any act or behavior of sexual content, exercised over a child or an adolescent, using force or any other type of physical, psychological or emotional coercion, taking advantage of conditions of helplessness, inequality and relations of power between the victim and the aggressor.

Contact action involves intentionally touching (either directly or through clothing) the genitals, anus, or breasts of a child other than for hygienic or childcare purposes or forcing the child to touch the adult in this manner. Non-contact sexual abuse includes making the child listen to or engage in inappropriate sexual talk or view sexually explicit materials.

At times children might not recognize that they are being abused, which is why it is of critical importance that all CNG adults are looking for the signs and indicators for possible sexual abuse.

POSSIBLE INDICATORS OF SEXUAL ABUSE

- Sexual knowledge, behavior, or use of language not appropriate to age level
- Unusual interpersonal relationship patterns
- Venereal disease in a child of any age
- Evidence of physical trauma or bleeding in the oral, genital, or anal areas
- Difficulty in walking or sitting
- Refusing to change into PE clothes, fear of bathroom
- Child running away from home and not giving any specific reason
- Not wanting to be alone with an individual
- Pregnancy, especially at a young age
- Extremely protective parenting

EMOTIONAL ABUSE

Any pattern of behavior that impairs the child’s emotional development, sense of self-worth, or self esteem such as constant criticism, threats, verbal rejection, name-calling, insults, or put-downs on a regular basis. The non-verbal patterns of behavior can include isolation, ignoring, or rejection on a regular basis.

At times children might not recognize that they are being abused, which is why it is of critical importance that all CNG adults are looking for the signs and indicators for possible emotional abuse.

POSSIBLE INDICATORS OF EMOTIONAL ABUSE

- Speech disorders
- Substance abuse
- Sucking, rocking, biting or head banging
- Antisocial or destructive behaviors
- Sleep disorders
- Passive or aggressive behaviors

REPORTING PROCEDURES FOR REPORTING SUSPECTED CASES OF ABUSE

Where there is cause to suspect child abuse or neglect, it is the responsibility of the staff member to report his or her suspicions to the counselor or to the principal. In all cases, the principal will be notified and the case may be closed at any time. It is the responsibility of the principal to inform the Director of the suspected case of child abuse or neglect. In cases of sexual abuse or sexual violence, CNG staff must follow the procedures set forth in the “Ruta de Atención Integral para la Convivencia Escolar” (procedures for the comprehensive assistance in matters related to social harmony in educational environments) that is part of CNG’s internal rules (“Manual de Convivencia”), and must also comply with Law 1146 of 2007, which sets forth the obligation to report before competent authorities any conduct or indication of sexual violence or sexual abuse against children and adolescents.

All CNG staff, faculty, and administrators are mandated to report any suspicion of abuse and neglect. All reports of abuse and neglect must be made to the counselor and administrator as soon as possible for immediate response.

Students, parents, or visitors with any suspicion of abuse or neglect are expected to report to a counselor or administrator as soon as possible.

CONFIDENTIALITY

Adults should never guarantee confidentiality to anyone making a report nor should they agree to keep a secret that may endanger the health or safety of themselves or someone else.

Individuals reporting suspected abuse or neglect as well as school personnel must not discuss the case beyond the steps outlined in this policy (CNG administrators or counselors).

Individuals involved will be informed of relevant information regarding child protection on a “need-to-know basis” only. Any information shared in this way must be held with strict confidentiality.

PROCEDURAL FLOWCHART
STEP 1 - RECEIVING A REPORT & GATHERING INITIAL INFORMATION

The counselor will take initial steps to gather information regarding the reported incident. In all cases, follow up activities will be conducted in a manner that ensures information is documented factually and that strict confidentiality is maintained.

The following procedure will be used:
1. Discussions between the child and counselor in order to gain more information.
2. Report status of the case to Principal.
3. Observations of the child as necessary by the teacher, nurse, counselor, and/or administrator.
4. Interview health care practitioner and/or other staff members as necessary and document information relative to the case.
5. Consult with school personnel to review the child's history in the school as necessary.
7. Determine the course of follow-up actions which may include:
   a. Closing the case
   b. Further internal investigation
   c. Internal plan of action
   d. Initiate external investigation (consultants, legal counsel, law enforcement, embassy, etc.)

In the event that the abuse or neglect allegation involves a staff or faculty member, CNG will follow policies and procedures to ensure child safety and ethical professional behavior. Actions taken may include:
- Immediate administrative leave
- Full internal or external investigation
- Involvement of law enforcement
- Disciplinary proceedings that may result in disciplinary action or termination

STEP 2 - AFTER FIRST INVESTIGATION

Based on acquired information, a plan of action will be developed to assist the child and family.
1. Actions that may take place are as follows:
   - Discussions between the child and counselor in order to gain more information. Depending upon the age of the child, these discussions may include drawing pictures and playing with dolls to elicit more information as to what may have occurred.
   - Further in-class observations of the child by the teacher, counselor, or administrator.
   - Meetings with the family to present the school’s concerns.
   - Consultation with other divisional counselors or knowledgeable CNG staff.
   - Referral of the student and family to external professional counseling.

2. Report status of case to the Principal.
3. Report status of case to the Director.
4. Determine the course of follow-up actions which may include:
   - Closing the case
   - Further internal investigation
   - Internal plan of action
   - Initiate external investigation (consultants, legal counsel, law enforcement, embassy, etc.)
   - Notification of the management of the sponsoring employer of the concern with the child/family, or to the welfare office at the home-of-record.
   - Consultation with the consulate of the country of the involved expatriate family.
   - Consultation with the school’s attorney or other legal counsel.
   - Informal or formal consultation with local authorities if required by law.
   - Referral to the CNG Comité de Convivencia Escolar.

1. Report status of case to the Principal.
2. Report status of case to the Director.
3. Determine the course of follow-up actions which may include:
   - Closing the case
   - Further follow-up warranted
   - Internal plan of action

All documentation of the investigation will be kept in the counselor’s confidential records file. Records sent to transferring schools may include notice of a confidential file for the child. CNG will make every attempt to share information to protect the child.

STEP 3 - FOLLOW-UP

1. Subsequent to a reported and/or substantiated case of child abuse or neglect, the Principal and counselor will collaborate to create a follow-up plan which may include:
   - Maintaining contact with the child and family to provide support and guidance as appropriate;
   - Providing the child’s teachers and the Principal with ongoing support;
   - Providing resource materials and strategies for teacher use;
   - Informing and working with local authorities or agencies if required; and
   - Maintaining contact with outside therapists to update the progress of the child in school.

2. Report status of case to the Director.
3. Determine the course of follow-up actions which may include:
   - Closing the case
   - Further follow-up warranted
   - Internal plan of action

89
Most cases of suspected abuse or neglect will be handled by school counselors, such as those involving:

- Student relationships with peers
- Parenting skills related to disciplining children at home
- Student/parent relationships
- Mental health issues such as depression, low self-esteem, grieving.

Some cases will be referred to outside resources, for example:

- Mental health issues such as depression, psychosis, dissociation, suicide ideation.

Cases reported for investigation and outside resources:

- Severe and ongoing physical abuse or neglect
- Sexual abuse and incest.

In extreme cases when families fail to stop abuse or if concerns remain about the safety of the child, reports could be made to:

- The Embassy or Consulate.
- The employer.
- The home-of-record welfare office.
- Local agencies (e.g., Instituto Colombiano de Bienestar Familiar-ICBF)
- The CNG Comité de Convivencia Escolar, which is responsible for reporting in the Sistema de Alertas.
- The International Center for Missing and Exploited Children www.icmec.org +1 (404) 785-3829

IN CLOSING

CNG remains committed to promoting a safe and secure environment by protecting all children in our care. Based on this commitment, CNG will maintain this Child Protection Policy, inform parents of key information related to child protection, teach students appropriate skills and knowledge related to abuse and neglect, provide annual training for all staff on key responsibilities, and make every effort to implement strict hiring practices to ensure the safety of children.
At Colegio Nueva Granada we believe that clear communication facilities understanding and a strong sense of belonging within our community. In an effort to carry on appropriate levels of communications used at CNG, we have developed a simple flowchart to guide you through the process. See the flowchart we show you to understand the expected process of our school to resolve your issue. We hope you find this helpful and useful in resolving school-related issues.
SCHOOL COMMUNICATION ACTIVITIES

Open House
At the beginning of each academic year, each school has an open house where the principal informs about the overall education process and introduces the staff, and parents are invited to visit each classroom to meet the teachers and learn about their specific approach to each class.

Parent-Teachers Conferences
Parent-teacher conferences are conducted twice a year. Parents are requested to pick up report cards and meet with teachers to review their child’s report card after the first and third marking periods. In the high school, students are also present during the conferences.

Coffee With the Principal
Periodically, parents are invited to meet with the principals of the primary and elementary schools.

SCHOOL PUBLICATIONS

CNG Viewbook: Provides an overview of the school and its programs and it is used primarily to make known the school to parents/teachers interested in becoming part of the community. It is updated once per year.

CNG Annual Report: It is the annual report of the Director of the School to the community, where the Strategic Plan, compliance and updating of its objectives, detailed results of standardized tests as well as information of university acceptances and scholarships for graduates are presented. It contains the results of the survey to all members of the community and continuous improvement plan. This report contains investment assets and financial information.

CNG Wall Calendar: This is the annual school calendar, which contains information of all events/major activities of the year (i.e., Open Houses, Parent-Teacher Conferences, AP Exams, Professional Development Days, CWW, Art Week, Tech Week, Binationals, etc.) and it is distributed to all families and staff at the beginning of the year. It is a navigation map for the year’s organization and planning

Agenda (Elementary/Middle School): They are made for students. It contains the information of the major events and activities of the school year. It is a support tool for students to be able to organize homework, tasks and responsibilities throughout the year, and in some case like in Elementary it serves as a means of communication with parents.

School Yearbook: It is the institutional official School book in which a compilation of photos and names of all students, employees, official school sport teams and groups for the school year is done. It also documents with pictures, the traditional and more important events and activities of the academic year.

The School has two invoicing Systems: annual and bi monthly. The annual payment will be made on the matriculation day with a discount of 3% on the total cost of the annual tuition. The bimonthly payments will be made in May, September, November, January and March. In this case parents will have to sign a promissory note on the matriculation day. The transportation and cafeteria contracts are optional. At least one parent has to take the education insurance.

For renewal of Registration contract, one of the conditions is that the student has cancelled all educational expenses of the school year immediately preceding. Failure of parents to fulfill their responsibilities will result in a non-renewal of the matriculation contract. Seniors eligible for graduation must have all pending fees and debts paid to date in order to participate in CNG’s official Commencement Ceremonies.

Families with pending debt beyond two payment cycles cannot matriculate their child(ren) until such time that they complete a written contract payment plan with CNG. All 12th grade students must be paid to date in order to begin class in both first and second semester.

1. Once the slate of candidates is approved by the School Director, candidates may campaign materials including the video. This limit on total expenditures includes posters as well as any other documents to voters. Campaign materials purchased should be kept and submitted by all candidates to the Administration prior to the day of voting. Any donations made to campaign materials should be considered as fraudulent in nature. The above rules are to be followed from the time the slate of candidates is announced until the voting has been completed.

2. Candidates are asked to produce a two-minute video which should be in English, the language of the school. Candidates may place Spanish subtitles in the video. The video should be the work of the candidates. Feedback given to the candidate by the Administration is of critical importance that candidates share their thoughts respectfully and judiciously. Under no circumstances should profanity be used. It is also important that candidates understand the work that has been done in the past by using the results of surveys for students, teachers, parents and other community members. Our school prides itself on using this data to determine the most effective programs to implement. Speaking disrespectfully about programs or leaders in the school is not an acceptable way for candidates to campaign. It is important that all conversations about the school be respectful and bring dignity to the school and its members. We hope all candidates will help each other grow as individuals and take full advantage of this positive leadership opportunity.

3. Students will by no means engage in negative campaigning against other students in ANY manner. The purpose of campaigning should represent the individual's INTEGRITY as a candidate. Candidates shall at all times live up to and fully meet the established Code of Conduct. The school community expects that all candidates will live up to the values of responsibility, respect, honesty, trustworthiness, hard work, and tolerance, among others. Candidates shall at all times be a role model for all students.

4. Candidates will not exceed the amount of one-half the Colombian minimum monthly salary when planning their campaign. Receipts for all materials purchased should be kept and submitted by all candidates to the Administration prior to the day of voting. Any donations made to campaign materials should be considered as fraudulent in nature. The above rules are to be followed from the time the slate of candidates is announced until the voting has been completed.

7. Candidates are expected to attend and present a respectful and positive campaign at the Elementary Meet-the-Candidate opportunity as officially scheduled. In addition, candidates should set up a table and attend the Meet-the-Candidates’ Event on the Flag Pole on the official date and time established. During this time all students from grades 3-12 will have an opportunity to stop by and meet with candidates. Candidates shall speak to students with the utmost respect regardless of their grade. It is expected that all conversations candidates have about the school or about their platform will be positive, respectful, and proper. Reports of candidates using inappropriate or disrespectful language or of talking in ways that bring shame to the institution will be investigated fully. At no time except the times that are designated will campaigning impact instructional time or the educational program. Candidates cannot be absent or tardy to classes during the time of campaigning nor can they interrupt or request teachers to give them time.

8. While family unity is highly encouraged, parent involvement on school grounds should be strictly prohibited all candidates from providing candy, whistles, or other purchased, donated, or shared objects given to voters as this can be perceived as “buying” votes. Candidates should be careful in all actions and words to ensure that promises that cannot be kept and not being made to voters, an action that could be considered as fraudulent in nature. The above rules are to be followed from the time the slate of candidates is announced until the voting has been completed.
main minimal and the candidate should be the sole person running his/her campaign.
9. Voting for the positions will occur on an established date that is prior to the thirtieth day for classes beginning for a school year for all students in grades 3-12.

REMOVAL OF A CANDIDATE FROM BALLOT OR AN ELECTED STUDENT FROM OFFICE

A student who is participating as a Candidate or serving in an Elected Position (Personero/Vice Personero) may be removed from the ballot or the position for the following reasons, according to established due-process considerations:
1. Not following the School Code of Conduct.
   a. Found to have committed a serious or grave action according to the Code of Honor andDisciplinary Policy
   b. Being placed on Behavior Probation, Academic Probation, and/or Conditional Matriculation.
2. Not complying with the minimum GPA required for the position.
3. Not complying with the election process regulations.
4. Not assuming with responsibility the duties and obligations assigned to the position.
5. Not fulfilling the duties and expectations of their constituents through the written petition to the school Director by 1/3 of the student constituents, who consider that they are not well-represented by their duly elected representative. The petition must be clear and accurate in relation to the perceived non-conformity of the elected official.

The CNG Code of Honor specifically states this requirement for positions of leadership.

All above referrals for inappropriate behavior of student candidates as well as of students duly elected to an official position (Personero/Vice Personero) will be taken seriously. The Administration will fully investigate the allegations. For this the following process will be used:
6. Candidate will write and submit a signed statement to the Administration regarding the allegation(s) and/or incident or event in question.
7. Parents of the Candidate will be able to add a written statement as part of the review process.
8. Depending on the specific event and the timeline of the election, the election process may be postponed or stopped due to the necessary time for fully investigating the allegations.
9. Administration will make a decision regarding appropriate consequences as stated in the Code of Honor and Disciplinary Policy, and this decision will be communicated to the student and parents within five business days following the conclusion of the investigation.
10. The Administration, should it believe the offense worthy of consideration for the student to be removed from the ballot or from office, will make a written statement and recommendation to the Administrative Council or appropriate governing body as per school governance structure within ten business days.
11. The Administration will inform the student and his/her parents of this decision within five business days of the notifying statement to the appropriate governing body.
12. If the Administrative Council so desires it, the Candidate and/or Administration will be invited to attend the meeting and present their position on the incident and sanction. Minutes will be taken of this meeting. After deliberation, a decision will be made by the Administrative Council (or appropriate governing body) and communicated to the involved student and parents.
13. As part of the school’s established due process, a student and/or his/her parents can appeal to the next level of the school’s established lines of authority until the appeal process reaches its conclusion. Within the appeal process, the student and/or his/her parents will have five business days to request a review of the decision at the next line of authority. The governing bodies which hear the appeal will have ten business days to respond to the appeal request.
14. If the reason for the removal of the student from the ballot or from office is an offense included in the Code of Honor and Disciplinary Policy, additional disciplinary process may take place according to the established guidelines for Administration.
15. If the reason for the removal of the student from the ballot or from office is an offense included in the Code of Honor and Disciplinary Policy, additional disciplinary process may take place according to the established guidelines for Administration.
16. The School Director will meet with the student and his/her parents to inform them in the event of a final decision to remove the student as a candidate or from the duly elected position at the end of the ultimate step in due-process considerations.

ELECTION AND VOTING

Personero Applications will be finalized and printed on large format paper – 1 candidate per paper – with at least 5 copies for each of the building levels (ES, MS, HS). Posters will be placed at least three days prior to the election.

Personero Ballots will be finalized by the Administration and printed by the Publications Department making sufficient copies for students in grades 3-12. Ballots are not to be copied by anyone on campus – only be the Publications Department.

Division Secretary will prepare Ballot Envelopes to the Division Secretary. On behalf of the building. This information will be provided to the Election Committee. On behalf of the Election Committee, EACH (ES, MS, HS) Division Secretary will prepare Ballot Envelopes as follows:

Print Class Lists for each of the building levels for the groups at the determined time from Skyward.

Count Ballots sufficient for each class group and place ballots in an envelope with the class list affixed to the outside of the envelope.

Election Directions to Teachers will be placed on the outside of the envelope and each teacher is asked to read and follow the directions carefully.

Provide the Envelopes of Ballots to each division for distribution at least 1 day in advance of the election.

Provide a list for each Division Office of the teachers who will receive the Ballot Envelopes.

Ballot Envelopes will be distributed by the Division Offices to teachers who teach the class groups at the time indicated. Teachers will sign the list indicating delivery of the Ballot Envelope.

Voting will occur by students under the supervision of teachers as follows:

Students in the class will be given ONE ballot each. There will be no extra copies, so students need to be very careful with the ballot.

Teachers will remind students of what is written on the ballots.

Students who have completed the ballot will need to sign the class list and place their ballot in the envelope.

Teacher will count the ballots with the signatures and verify that number of blank and completed ballots corresponds to the signatures on the class list. If there are any discrepancies, the teacher will correct at that moment.

Teacher will place ALL BALLOTS, including those that are voted, "en blanco," irregular and blank into the Ballot Envelope. No ballots should be thrown away or destroyed!

Teacher will secure the Ballot Envelope and sign across the back.

Teacher will hand deliver Ballot Envelope to the corresponding division office and sign the list with the division secretary.

Teachers are responsible for the Voting Process and will turn in the sealed and signed Ballot Envelopes to the Division Secretary with the signed class list attached.

Division Office Verification will occur by the Division Secretary who will ensure all Ballot Envelopes for the division are collected and accounted for by validating the signatures of teachers picking up and returning the Ballot Envelopes. Secretary will ensure there are no missing Ballot Envelopes. Secretary will deliver the division Ballot Envelopes to the Director's Secretary for confirmation and eventual delivery to the Election Committee for counting.

Election Committee will convene at the Director's request. The Election Committee will contain:

One High School student in grade 11-12 of the Director's choosing.
One Academic Secretary (or representative)
One Director's Secretary (or representative)
One Colombian Program Director (or representative)
Two teacher/staff representatives selected by the Director.

Minutes will be taken of the Election Process by the Academic Secretary and will contain all the findings of the Election Committee.

The minutes will verify the number of Ballot Envelopes submitted by each division, the count for the vote for each division, and the final count. A count will be kept of votes for each candidate, votes "en blanco," blank ballots, and any other irregular ballots.

The number of ballots voting for each candidate, "en blanco" and irregular ballots will be totaled and compared to the numbers of students on the class lists signed by students.

The blank ballots will be totaled with the voted ballots to ensure the overall total of the ballots is accurate.

Any irregularities will be noted in the minutes.

In addition, all information related to the process of the counting of the ballots will be written in the minutes.

The minutes will contain the final numbers of votes received by the candidates with the name of the duly elected Personero. If there is a tie, this will be indicated.

The minutes will be signed by all members of the Election Committee and delivered to the Director.

The Director will communicate the results of the election to the community the day after the voting has been finalized and the minutes have been received by him.

The Director of the school will meet with the candidates to inform them of the results of the election.

The Director will request the three divisions to announce to the students the results of the election.

The Director will write a communication for the announcement to the community.

The blank ballots will be totaled with the voted ballots to ensure the overall total of the ballots is accurate.

Any irregularities will be noted in the minutes.

In addition, all information related to the process of the counting of the ballots will be written in the minutes.

The Director will request the three divisions to announce to the students the results of the election.

The Director will write a communication for the announcement to the community.
HIGH SCHOOL EARLY INTERVENTION (STAND 4 YOUR FRIEND) PROGRAM

With the implementation of this program as of August 2013, CNG’s High School wants to ensure students feel safe in seeking out confidential resources for issues of concern regarding alcohol or other drug use. A multi-step process can be found in the STAND 4 Your Friend materials, and the key points are listed below:

Early Intervention: Alcohol

STAGE ONE – ALCOHOL – When a member of our community is concerned about a student’s alleged alcohol use, one of the STAND 4 Your Friend teachers will speak with the student, sharing these concerns about him/her and providing additional support.

STAGE TWO – ALCOHOL – If community member concern continues or the student is reported that he/she is getting into potentially dangerous situations, a STAND 4 Your Friend teacher will meet with the student on a regular basis and the student’s name will be referred to his/her guidance counselor. If concerns continue due to lack of improvement, parents will be contacted by the guidance counselor.

STAGE THREE – ALCOHOL – If concern and worry about alcohol use persists, a meeting will be held with the student, counselor, and parent/guardian. At this meeting an action plan will be devised. If the action plan lacks success, the student’s name will be referred to the High School Administration. Our goal during this time will be to ensure the student and family have the needed resources to best help the student.

Early Intervention: Other Drugs

STAGE ONE – OTHER DRUGS – When a member of our community is concerned about a student’s alleged drug use, one of the STAND 4 Your Friend teachers will speak with the student, sharing concern about him/her and providing additional support. Depending on the type and/or combinations of drug(s) being used, such as combining prescription drugs with alcohol or injecting drugs, additional steps may be taken. A STAND 4 YOUR FRIEND teacher will conduct an individual follow up, and the student’s name may be referred to his/her guidance counselor.

STAGE TWO – OTHER DRUGS – If community member concern continues or the student is reported that he/she is getting into potentially dangerous situations, a STAND 4 YOUR FRIEND teacher will meet with the student on a regular basis. In addition, the student’s name will be referred to his/her guidance counselor, and parents will be contacted by the guidance counselor. Depending on the type and/or combinations of drugs being used, additional steps may be taken. A meeting may be called with the student, counselor, and STAND 4 YOUR FRIEND teacher. An action plan will be designed to help the student. If concerns continue due to lack of improvement, the student’s name will be referred to the High School Administration.

STAGE THREE – OTHER DRUGS – If concern and worry about continued use persists, a meeting will be held with the student, counselor,
Random Testing – As a result of CNG policy, the High School randomly tests students in grades 9 – 12 throughout the school year.

- The Associate Principal will work with the nurses to find a good time for conducting random testing. The test may be either conducted by taking a sample of urine or hair.
- The Associate Principal generates a random list of names of students. The counselors are provided the list and delete 50% of the names.
- The Associate Principal gives students a written notice informing them to report to the nurse, who will be informed to expect students for testing on this day. The school attempts to provide this notice in an unobtrusive manner to ensure privacy between the student and the Associate Principal. Students then report to the office to conduct the test. Once the student has completed the test, the nurse sends the original pass back to the Associate Principal with a signature to indicate that the student completed the test.
- For males who are being asked to do a urine test, the High School Associate Principal (or another adult male) will be present to ensure confidentiality of the results. For females who are being asked to do a urine test, the nurses will monitor testing processes.
- For random tests that involve a hair sample, the Associate Principal gives students a written notice asking them to report to the nurse at a specific time in the day. These times are staggered throughout the day to allow for greater privacy. The school attempts to provide this notice in an unobtrusive manner to ensure privacy between the student and the Associate Principal. Students then report to the nurse at the specific time. Nurses are informed of who to expect at what time. Once the student has completed the test, the nurse sends the original pass back to the Associate Principal with a signature to indicate that the student completed the test.
- The minimum of students randomly tested in each grade level will be approximately 20% over the course of each school year.

Referral for Testing – At times designated by the administration, names of students who are potentially using illegal substances may be referred to the High School Administration. In these cases, these selected students might be included in the random testing protocol above and a hair test is typically performed. No mention will be made to the student, teacher, or nurse that the name was a direct referral, unless otherwise decided by the principal. When this happens, the principal will only state that the referral came through a community member and then explain the steps taken in such cases.

Former Positive Testing Result – All students who have tested positive or admitted to use of illegal substances are placed on a Drug Testing Chart and continue on this chart for the duration of their time at CNG. These students are tested using the hair follicle test at least once every three months and a urine test up to every two weeks, depending upon the decision of the Administration.

POSITIVE RESULTS, RECORDS, COMMUNICATION AND ISSUES WITH STUDENTS.

- If before performing a substance abuse test, a student admits he/she has consumed an illegal substance, the nurse will document this statement in the student’s record as well as inform the Principal and Associate Principal. The High School Administration will then move forward with the first step of the positive testing protocol.
- If any student fails to comply with a screening procedure, he/she will be reported to HS Associate Principal, and the High School Administration determines the specified resulting action.
- In the event that ANY test results are positive, the Nurse will report this information directly to the High School Principal, HS Associate Principal, and School Director.
- A copy of the results of any positive drug test at the high school level will be placed in a sealed envelope to the High School Principal, who will place the notice in a designated disciplinary folder kept in the Principal’s Office. The Principal will be the person to share the results of drug testing with individual students and their parents. Parents will be given a copy of the drug testing report for their records.
- All official copies of positive results will be kept in the Health Zone until lock and key for the exclusive use of the Administration.

Tracking results and Legal Drugs

1. The nurse’s office will keep track of all testing data to provide general information on the testing that has been conducted each year.
2. Test results are always requested using the lowest possible confirmation cutoff level; however, when the drug is a legal drug, a positive exam might occur. Regardless, the test itself may be below the usage amount indicated for minor use (recreational).
3. Specifically, codeine may come out as a positive test in opiates, since codeine is a legal drug in Colombia and sometimes prescribed for pain or used in cough syrup. If the result is below 500 pg, the Administration considers the result positive for legal drug within the specified allowance level. In any case of positive testing, parents will be contacted and informed of the result, and the Administration will try to ascertain that the result is positive primarily due to medication prescribed by a doctor.
THE COMITÉ DE CONVIVENCIA ESCOLAR WILL HAVE THE FOLLOWING FUNCTIONS

1. Identify, document, analyze and resolve conflicts that arise among teachers and students, among administrators and students, among students and among teachers.

2. Lead actions that promote community life, development of citizenship, application of human, sexual and reproductive rights, and prevention and mitigation of school violence among members of the educational community.

8. Create opportunities to expose and clarify what happened.

9. Parents or guardians of all students involved will be informed immediately by the Associate Principal, Principal, or Program Director. Minutes of the meeting will be kept and stored in the Student File(s).

1. IDENTIFICATION: Identify situations affecting school coexistence due to harassment or school violence. These have to be referred to the School Coexistence Committee, which will look at documentation of the case, focusing its analysis on the implementation of CNG’s Code of Honor and Disciplinary Handbook. Identification can be carried out through developing a grade-level profile. At the beginning of each school year, each guidance counselor will complete a screening of his/her students both individually and as a group(s) identifying strengths, weaknesses, and situations that may negatively impact peaceful coexistence and the exercise of human, sexual, reproductive rights, due to harassment, and/or school violence.

2. REPORT: This process has the following sub-steps: informing, receiving and compiling information, and filing.

3. INTERVENTION: When a case of violence, bullying, and/or aggressive behavior violates human, sexual, and reproductive rights, the guidance counselors will help develop timely, appropriate, ethical, and comprehensive strategies to assist those who have been impacted (the child, adolescent, father, mother, or guardian, and/or teacher. School Administration will also intervene in the event that disciplinary measures are required aligned with the CNG Honor Code and Disciplinary Policy. NOTE: The counseling component may involve outside professionals when the seriousness of the allegation, the surrounding circumstances, and the physical and/or psychological damage to the children involved are beyond the mission of the educational establishment.

4. MONITORING: The monitoring component focuses on the timely reporting of information to the Unified Information System of School Coexistence which will keep track of the status of each of the reported cases of attention.

The situations that affect the School Community and the practice of human, sexual, and reproductive rights, are classified into three types. Each situation has a determined protocol under Colombian law as follows:

Type I Situations correspond to conflicts improperly handled and those sporadic situations that adversely affect the school climate and in no case generate damage to the body or health.

Protocol for Type I Situations: The teacher or staff member who witnesses a situation should strive to meet immediately with the parties involved in the conflict and mediate in a pedagogical way for them to present their views and seek resolution. If there is a need for follow up, the teacher will report the case to the Associate Principal, Principal, or Program Director.

1. Inform the Associate Principal, Principal, or Program Director through a written report.
2. Inform parents or guardians of the situation of the parties involved.
3. The teacher who witnessed the situation, in collaboration with the Associate Principal, Principal, or Program Director, will determine a solution in an impartial, fair and just manner, aiming to seek compensation for damage caused, the restoration of rights and reconciliation, in a climate of constructive relations between the parties involved. This can be achieved using the Restorative Circles model.

Type II Situations correspond to aggression, bullying, and/or cyberbullying situations, which will not have the characteristics of a crime and meet any of the following characteristics:

1. That occur repeatedly and systematically; and/or
2. That cause damage to body or health.

Protocol for Type II Situations

1. Provide immediate physical and mental health care to person(s) affected.
2. Inform the administrative authorities of the situation, especially when measures to restore rights are required.
3. Take protective measures for those involved, to avoid any action against them.
4. Create opportunities to expose and clarify what happened.
5. Parents or guardians of all students involved will be informed immediately by the Associate Principal, Principal, or Program Director. Minutes of the meeting will be kept and stored in the Student File(s).
6. When restoration of rights is required, the situation will be referred to the Principal and this will be reflected in the Discipline Record in the Student Information Software (Skyward).

7. Measures will be taken to protect students from possible retribution. This will be reflected in the Discipline Record in the Student Information Software (Skyward).

8. The Associate Principal, Principal, or Program Director will ensure confidential, private, and safe spaces where the parties involved as well as their parents or guardian, can openly share what happened/is happening.

9. The School Coexistence Committee, considering the educational and pedagogical strategies and sanctions set forth in Chapter VII of Title V, will determine the restorative actions needed to repair damages and restore the rights and provide reconciliation within a climate of constructive relations in School. They will also determine the applicable consequences for those who have contributed or participated in the reported situation.

10. The Chairman of the School Coexistence Committee will inform the other members of this committee, about the situation and the measures taken. The committee will conduct the analysis and monitoring, in order to verify if the solution was effective or if it requires additional actions.

Type III Situations correspond to situations of school aggression that allegedly constitute crimes against freedom, sexual orientation, and integrity referred to in Title IV of Book 11 of Law 599 of 2000, or when they constitute any crimes against freedom, sexual orientation, or school aggression that allegedly constitute crimes against freedom, sexual orientation, and integrity referred to in Title IV of Book 11 of Law 599 of 2000, or when they constitute any crimes against freedom, sexual orientation, or school aggression.

Protocol for Type III Situations

1. In cases of damage to body or health, immediate referral and attention by outside physical and mental health professionals is guaranteed. Records of referrals and follow up should be kept by the Guidance Counselor.

2. Parents or guardians of all students involved will be informed immediately by the Associate Principal, Principal, or Program Director. Minutes of the meeting will be kept and stored in the Student File(s).

3. The Chairman of the School Coexistence Committee will immediately and quickly put the matter to the attention of the National Police. Minutes of the meeting will be kept and stored in the Student File.

4. Notwithstanding, the provisions of the preceding paragraph, the members of the School Coexistence Committee will be cited under the terms set out in the Manual of Coexistence. This citation shall be recorded.

5. The Chairman of the School Coexistence Committee will inform the members of said committee, providing facts without disclosing information that may violate the right to privacy and confidentiality of the parties involved as well as the report given to the competent authority.

6. Although the situation was taken to the competent authorities, the School Coexistence Committee shall immediately adopt the School’s own measures aimed to protect, within the scope of its powers, the victim, the person to whom the aggression is credited and those who have reported or are part of the situation presented. This should be recorded.

7. The Chairman of the School Coexistence Committee will report the information of the case to the applicable system of Unified Information School Coexistence.

8. The cases under this protocol will be monitored by the School Coexistence Committee, the authority that acknowledged the situation and the committee of the municipality, the district, or the department (state) for School Coexistence that exercises jurisdiction over the educational establishment which presented the incident.

The Comprehensive Care Model will have the following components

Promotion Component. Colegio Nueva Granada will foster skill development and the exercise of human rights through holistic educational processes within the Curriculum and the Units Plan. For such purpose, it will facilitate a school environment that fosters personal growth and training of those who are part of the school.

Prevention Component. The main pillar of this component focuses on the correct application of the principle of equality as defined in Article 13 of the Political Constitution. This is how it contributes to the decline of the social, cultural and contextual gaps providing a fair, equitable and humane treatment of all students and other members of the school community. In this way it minimizes the factors that generate violence within the school.

Caring Component. Based on the permanent support that must be provided to students initially by the Counselor or the homeroom teacher and at the same time the teacher in charge of the pedagogical process at every moment of the school life. When an act of violence, bullying or aggressive behavior that violates human and reproductive rights occurs, the teacher who initially knows the case will use restorative methods to avoid it from becoming discussed by the community and will give immediate notice to the Director of the School, for evaluation, and if deemed advisable, summon the Comité de convivencia Escolar.

All the events will be registered in order to be submitted to the Sistema Nacional de Convivencia Escolar for the pertinent effects.

Promotion, Prevention And Caring Component

• Promote universal core values (eng honor code and disciplinary policy)
• Define character to include thinking, feeling, and acting (positive action)
• Use a comprehensive, multi-level approach (standkg, restorative practices)
• Create a caring community (fundación hogar, social service, proyectos vida)
• Provide students with opportunities for moral action (student organizations)
• Offer a meaningful and challenging academic curriculum (ap academy)
• Foster self-motivation in students (life skills, honor roll, honor societies)
• Engage all school staff as a learning community (school-wide surveys)
• Encourage shared leadership and shared responsibilities (pta, parent council)
• Involve families as partners (parent conferences)
es, open house)
- Honor the broader culture and essence of the school (the cng way)
- Competencias ciudadanas (colombian ministry of education)
- Sexual gender diversity alliance (sgda)
Parent Consent

I, being the parent/legal guardian of the student named below, have read and understand the information provided on this form. I voluntarily give Colegio Nueva Granada consent to post or publish my or my child's photographs/videos, first name and last initial, grade, school and samples of my child's work in various public forums as described above for non-profit educational purposes. I understand my consent is valid for the current school year unless I revoke it by notifying the school principal in writing.

☐ I GIVE CONSENT

☐ I DO NOT GIVE MY CONSENT
At CNG, we like to share and communicate with parents; highlighting the school and student work and/or activities as appropriate in a variety of forums for non-profit educational purposes. The following are some examples (not all-inclusive) of how student information and work may be shown: displays during school sponsored open house sessions; professional development sessions; school related activities held on and off campus; school sites or at school sponsored events; school or community publications; or posting or publishing on educational sites. Our school’s web site may be accessed from www.cng.edu. This does not relate to official school media publications such as Insights, Andean Yearbook, CNG Calendar, and others.

Students’ photographs/videos and work that are showcased digitally will be identified using the student’s first name, last name initial, grade and school only (if necessary). To comply with Colombian Law 1581 of 2012 and Decreto 1377 of 2013, we are requesting consent from parents or legal guardians of children between 13 and 18 years of age to allow the school to create educational accounts for the students on these web sites.

Please note the following information:

Once photographs, student names and other identifying information or student work are released in any public forum, CNG cannot control or prevent the further distribution or use of the material by those who access the information.

Parents or legal guardians are under no obligation to consent; it is their voluntary decision to do so.

Your consent will be valid for the duration of the school year. You may at any time instruct us to remove the photographs or work from CNG sites, or to remove authorization for the use of Web tools that require parental consent, by notifying the school principal in writing.

Student generated content on Web tools must follow the AUP guidelines and legal requirements, as well as the CNG Code of Honor.

Students 18 years old or more are agreeing to this consent in conjuction with their parent(s)/legal guardian(s).

I voluntarily give Colegio Nueva Granada consent to allow students from 13 to 18 years of age to create educational accounts on Web 2.0 tools to post original content. I understand my consent is valid for the current school year unless I revoke it by notifying the school principal in writing.

Los administradores de la Escuela Media y Escuela Alta, entrenadores y patrocinadores de actividades estudiantiles, creen que los estudiantes que han sido seleccionados para una actividad, por el privilegio de ser miembros de un equipo, grupo, u organización, deben comportarse como representantes responsables del Colegio Nueva Granada. Con el fin de asegurar que las expectativas están claras, este Código de Conducta debe ser reforzado. Los miembros de los equipos y organizaciones deben demostrar un alto desarrollo moral de acuerdo al código de Honor y un sólido compromiso académico. Se espera que todos los miembros de un equipo, grupo, u organización, demuestren un comportamiento apropiado, durante y después de la temporada, con o sin el uniforme, dentro o fuera del colegio.

Actividades Co-Curriculares y de Formación
Se espera que los estudiantes sean exitosos académicamente y asistan a los Días de Oportunidad si así es requerido. Las reglas para participar en una actividad, consisten en que el estudiante debe tener un buen desempeño académico, con un promedio de 2.7 y no tener calificaciones bimestrales por debajo de 2.2.

Toda posesión, uso o distribución de cigarrillos, alcohol o drogas ilegales, por parte de los estudiantes, está prohibido. Cualquier violación a esta regla, será considerada como Ofensa Seria o Grave, tal como está determinado en el Código de Honor y Política Disciplinaria del CNG. Las violaciones al Código de Honor y Política Disciplinaria del CNG resultan en matrícula condicional. Esto afectará la continuidad del estudiante en las actividades Co-curriculares.

En los días de deportes o eventos los estudiantes deben asistir a todas sus clases con el fin de poder participar en estas actividades.

No se espera que los administradores estén supervisando las actividades que son organizadas por fuera del colegio. Sin embargo, el colegio tomará acción si la violación se hace pública, y es suficientemente severa para desacreditar el nombre del colegio e infringe los derechos de un individuo.

Cada entrenador o patrocinador tiene la prerrogativa de establecer reglas adicionales relacionadas con la actividad que va a supervisar. Estas reglas podrán incluir asistencia a prácticas, concursos, viajes, etc. Un anexo a este Código de Conducta de Actividades Co-Curriculares que haga una organización estudiantil, un entrenador o un patrocinador, debe adjuntarse a este...

Organizacion(es) Deporte(s):

1. Los estudiantes que han sido suspendidos del colegio, no podrán participar en actividades co-curriculares. Con respecto a aquellos estudiantes que tienen matrícula condicional se tomará una decisión administrativa y si pueden o no participar en dichas actividades.

2. En el evento que un estudiante decida renunciar a un equipo, grupo u organización, (por ejemplo, musical o teatral), al cual se ha comprometido, antes de finalizar una temporada o un evento, sin causa justificada, se aplicarán las siguientes consecuencias: suspensión de todos los equipos, grupos, u organizaciones o salidas pedagógicas de la próxima temporada. Esta suspensión será tenida en cuenta para el siguiente año escolar, si la infracción ocurre durante la última temporada de UNCOLI.

3. El Director de Atletismo y Actividades Co-Curriculares será la primera instancia para todos los asuntos relacionados con deportes. El Director de Escuela será notificado de todas las violaciones al Código de Conducta de Actividades Co-Curriculares, en todos los grupos, eventos u organizaciones, así como también las sanciones deportivas (tarjeta roja, expulsiones, etc.) y cualquier acción tomada por el entrenador o patrocinador. El Director de Escuela tomará las acciones disciplinarias necesarias de acuerdo con el Código de Honor y Política Disciplinaria.

4. Las excepciones mínimas a las reglas para pertenecer a un equipo, grupo u organización, sólo serán determinadas por un Comité de Revisión, compuesto por un administrador, consejero, profesor, patrocinador o entrenador, tal como lo exijan las necesidades del caso.

5. El Código de Honor y Política Disciplinaria, determinarán las consecuencias de las violaciones a este código de Conducta. En aquellos casos que amerite seguimiento, se le hará un Acuerdo por escrito para que sea firmado por el estudiante, padre de familia, entrenador/patrocinador, y pueda el estudiante participar en la siguiente actividad Co-curricular.

Middle and High School officials, coaches and sponsors of student activities believe that students who are selected for the privilege of membership on teams, performing groups, and activities should conduct themselves as responsible representatives of Colegio Nueva Granada. In order to assure that expectations are clear, a Code of Conduct is enforced. Members of teams and organizations must always demonstrate high moral character according to the CNG Code of Honor and a strong academic commitment and are expected to exhibit appropriate behavior both during and out of season, in or out of uniform, on or off campus.

Co-Curricular Activities and Education

1. Students are expected to meet with academic success and attend Opportunity Days as requested. The eligibility rules of CNG are that students must be in good academic standing, maintaining a 2.7 GPA and with no grade below 2.2 at a marking period.

2. All student use of tobacco products, alcohol or illegal drugs on campus or at school sponsored activities is forbidden. Any violation of this rule will be considered as a serious or grave offense as determined by the CNG Honor Code and Disciplinary Policy.

3. On the days of sport or organization events, students must attend all classes in order to participate.

4. School officials are not expected to police off-campus, non-school activities; however, if the violation is brought to public attention, is sufficiently severe to bring discredit upon CNG, and infringes upon the rights of an individual, the school will take action.

5. Each coach or sponsor has the prerogative to establish additional rules pertaining to the activity supervised. These rules may include attendance at practices, contests, trips, etc. An addendum, if set by the by-laws of the student organization or specific sponsor or coach, must be attached to this document and have prior approval of the Director of Athletics and Co-Curricular Activities or Principal.

b. Por parte de LOS PADRES/ACUDIENTES, pagar oportunamente el costo del servicio educativo e integrarse cumplida y solidariamente al COLEGIO para la formación integral del EDUCANDO.

c. Por parte de EL COLEGIO, impartir la enseñanza contratada y propiciar la mejor calidad y la continuidad del servicio.
CUARTA. DERECHOS Y OBLIGACIONES DE LOS PADRES/ACUDIENTES

En cumplimiento de las normas vigentes para el servicio educativo y en concordancia con el objeto del presente contrato, LOS PADRES/ACUDIENTES tienen los siguientes derechos:

a. Exigir la prestación continua del servicio educativo.

b. Exigir que el servicio educativo se ajuste a lo establecido en el Manual de Convivencia (CNG Community Handbook). Participar en el proceso educativo.

c. Buscar y recibir orientación sobre la educación de su hijo o acudido. Así mismo LOS PADRES/ACUDIENTES se obligan a:

a. Pagar estricta y cumplidamente los costos del servicio educativo (matrículas, pensiones, y otros cobros periódicos) en su totalidad al comenzar el año escolar, o matrícula más cinco (5) cuotas, de acuerdo con el siguiente calendario: la primera fecha será la de la matrícula, según lo establezca EL COLEGIO, y las siguientes serán el 28 de Enero, el 29 de Noviembre, el 30 de Enero y el 29 de Marzo. Si las fechas fijadas anteriormente no fueran días hábiles, se deberán pagar el día hábil siguiente a la fecha fijada. Si se llegaren a acumular dos cuotas, LOS PADRES/ACUDIENTES se obligan a cancelarlas conjuntamente en el bimestre siguiente. La cuota adeudada estará sujeta a intereses de mora a la tasa máxima legal.

d. Cumplir y dar aplicación integral al Manual de Convivencia (CNG Community Handbook), la Declaración de Expectativas (Statement of Expectations), y cualquier acuerdo firmado con Servicios Estudiantiles (si aplica) y todas las normas y directrices del COLEGIO.

e. Responder solidariamente por las obligaciones que surjan en virtud del presente contrato de matrícula.

f. Asistir participar activamente del proceso educativo y formativo del EDUCANDO. Dicha participación activa se define como la obligación de asistir a las reuniones que RELOCOLEGIO sus directivas, profesores, sicólogos y funcionarios en general, programen en relación con el desempeño o situación académica, disciplinaria o sicológica del EDUCANDO. Lo anterior en consideración a que de acuerdo con la Constitución Política, la formación y educación de los menores de edad es una obligación conjunta de LOS PADRES/ACUDIENTES de familia, el Estado y los establecimientos educativos.

g. De conformidad con las previsiones del Código del Menor y de la Ley 124 de 1992, LOS PADRES/ACUDIENTES se obligan a cooperar y colaborar con EL COLEGIO en prevenir el consumo por parte del EDUCANDO de sustancias que afecten su salud o generen dependencia. En virtud de lo anterior, LOS PADRES/ACUDIENTES se comprometen a tomar todas las medidas tendientes a prevenir, evitar y proteger al EDUCANDO frente al consumo de las mencionadas sustancias, especialmente en el desarrollo de actividades o situaciones extracurriculares en las cuales haya menores de edad bajo su cuidado y responsabilidad.

h. Mantener actualizada con EL COLEGIO toda la información: Family Information y Student Information.

i. Reponer o pagar los textos escolares que se le hayan entregado al estudiante por parte del COLEGIO a título de préstamo, los cuales sean dañados o no sean devueltos.
a. Exigir por parte del EDUCANDO y de LOS PADRES/ACUDIENTES el cumplimiento del presente contrato junto con sus anexos, el Manual de Convivencia (CNG Community Handbook), y cualquier acuerdo firmado con Servicios Estudiantiles (si aplica) y de los deberes académicos que se derivan del servicio.

b. Recuperar y obtener de LOS PADRES/ACUDIENTES los costos incurridos en el servicio y exigir y lograr el pago de los derechos correspondientes a matrícula, pensión, otros cobros periódicos en los días determinados anteriormente, sin necesidad de requerimiento judicial alguno.

d. Las partes expresamente acuerdan, aceptan y declaran que, EL COLEGIO tiene el pleno derecho a no renovar la matrícula al EDUCANDO para el año lectivo inmediatamente siguiente, en el evento en que durante el período o año escolar en curso LOS PADRES/ACUDIENTES no cumplan con cualquiera de las obligaciones pactadas en este contrato y también en el evento en que durante el período o año escolar en curso, por lo menos uno cualquiera de LOS PADRES/ACUDIENTES no asista a dos (2) reuniones seguidas o consecutivas, citadas o realizadas en los términos del literal g de la cláusula CUARTA de este contrato, es decir, cuando los han llamado para discutir la situación particular de su hijo.

Así mismo EL COLEGIO se obliga a:

c. Prestar en forma regular el servicio educativo contratado, dentro de las prescripciones legales.

d. Por suspensión de actividades del COLEGIO por más de sesenta días (60) o por clausura definitiva del establecimiento.

e. Por retraso en el pago de pensiones por dos o más cuotas.

f. Por las causales determinadas en el Manual de Convivencia (CNG Community Handbook) del COLEGIO, según se describe en la cláusula SEXTA, literal d cualquier acuerdo efectuado con Servicios Estudiantiles.

g. Por incumplimiento de acuerdos efectuados con Servicios Estudiantiles.

DECIMA. DURACIÓN Y RENOVACIÓN

El presente contrato tiene vigencia para el año lectivo 2018-2019 contado a partir del 14 de Agosto de 2018 o desde el día de suscripción del presente CONTRATO en el caso de matrículas extemporáneas o extraordinarias y hasta el día 14 de Junio de 2019. Su ejecución será sucesiva por períodos bimestrales y podrá renovarse para el siguiente año siempre y cuando el EDUCANDO y LOS PADRES/ACUDIENTES hayan cumplido estrictamente las condiciones estipuladas en el presente contrato, en el Manual de Convivencia (CNG Community Handbook), y en la Declaración de Expectativas (Statement of Expectations) del COLEGIO.

Las partes acuerdan que éste contrato prestará derecho a exigir los costos de financiación y cobranza, de acuerdo con las disposiciones legales vigentes, sin perjuicio del procedimiento establecido en el Manual de Convivencia (CNG Community Handbook) del COLEGIO.

El costo anual se ajustará cada año, según las reglamentaciones respectivas.

OCTAVA. DECLARACIÓN DE EXPECTATIVAS Y MANUAL DE CONVIVENCIA

LOS PADRES/ACUDIENTES y el EDUCANDO declaran conocer y aceptar los términos de la Declaración de Expectativas (Statement of Expectations), y del Manual de Convivencia (CNG Community Handbook) del COLEGIO, los cuales hacen parte integral del presente contrato como si estuvieran transcritos en su totalidad dentro del cuerpo del mismo.

ANEXO I

DECLARACION DE EXPECTATIVAS: UN ACUERDO DE PADRES E HIJOS

Como padre, usted juega un papel formativo en el desarrollo del sentido de justicia, equidad, dignidad, y valor de su hijo. También es uno de los modelos más influyentes en la vida de su hijo. Es responsabilidad suya promover y mantener los valores CORE de nuestra comunidad educativa. Es una expectativa de nuestra comunidad que todos los padres modelen comportamiento aceptable en todo momento, dentro y fuera del colegio. Los padres deben acatar las siguientes expectativas en todo momento y en todo lugar:

- Cada quien tiene derecho de expresarse en una forma respetuosa y adecuada, dentro de los canales de comunicación adecuados (Ver esquema de comunicaciones del Colegio Nueva Granada).
- Los asuntos y las preocupaciones se deben tratar de manera privada al interior de nuestra comunidad de colegio. Compórtese y hable de manera que se proteja y traiga honor al nombre del colegio.
- Apoyo al Colegio Nueva Granada y sus iniciativas.
- Sea responsable de sus acciones dentro y fuera del colegio y entienda que toda conducta inadecuada tiene sus consecuencias. Siempre diga la verdad.
- Respete y guíe a los demás, sus derechos e hímenes, siendo positivo, educado y amable hacia todos los miembros de la comunidad del colegio, incluyendo al personal de apoyo.
- Resuélva cada conflicto de manera pacífica, espontánea y racional. Sea cuidadoso con sus palabras y acciones.

El Colegio Nueva Granada insiste en un ambiente sin matones/bullies; las molestias o intimidación física o psicológica de cualquier persona se debe evitar. Sea un buen modelo para su hijo(a); no haga uso de narcóticos o sustancias químicas dañinas.

- No sirva alcohol a menores. No provea tabaco a los menores.
- Siga todas las pautas legales y de procedimiento respecto al transporte y parqueo en el Colegio Nueva Granada.
- Acate el calendario y horario oficial del colegio. Las fallas antes y después de los festivos y y por fuera de los tiempos designados de vacaciones hacen daño a la educación de su hijo(a) y no están permitidos.

El Colegio Nueva Granada considera que todos los miembros de la comunidad deben ser responsables de su conducta y aceptar las consecuencias de sus acciones. Los padres deben tener altas expectativas del Colegio Nueva Granada. Así mismo, el colegio tiene las siguientes expectativas altas de los miembros de su comunidad:

1) PARTICIPACION Y APOYO

- Apoye a su hijo en todos sus proyectos educativos a felicitarlo y mostrar interés en sus actividades escolares (tareas y proyectos). Los miembros de la comunidad participarán activamente en lo siguiente:
  - Las iniciativas de servicio social del colegio, incluyendo al Hogar Nueva Granada (apoyo financiero y/o de voluntariado). Amigos de la Alianza y otras iniciativas de servicio comunitario que promueva el colegio.
  - Las sesiones del colegio de aprender a ser padres y las iniciativas de valores, incluyendo reuniones y conferencias, “Proyecto Vida”, y “Consen- tidos”.
- Creemos con convicción que el apoyo de los padres tanto en el colegio como en la casa, de las políticas contra matones (antibullying), alcohol y cigarrillo, y drogas hacen parte fundamental de los valores de nuestra comunidad.
- Los entes del gobierno del Colegio, incluyendo a Asopadres PTA, el Concejo de Padres, la Jun ta Directiva y otros comités de padres.

2) VALORES CNG/Respeto, Confiabilidad, cariño/cuidado, civismo, responsabilidad y justicia

Es la expectativa de nuestra comunidad que todos los miembros de la comunidad deben ser responsables de su conducta y aceptar las consecuencias de sus acciones. Los padres deben apoyar a sus hijos respetando el bien, su nombre de los demás. Las políticas deben estar claramente marcadas. Bajo ninguna circunstancia debe un padre llevarse del colegio elementos que no sean de la propiedad de su familia, incluso cuando estos no estén marcados con el nombre de un estudiante. Así mismo, los padres no deben permitir que sus hijos tomen artículos que no sean de su propiedad o los lleven a casa.

- Proteger el buen nombre de las personas y del colegio. Los problemas, las diferencias de opinión y choques de personalidad, no se resuelven al involucrar a más personas en el mal entendido o tomar parte en un desacuerdo. Intente resolver estos asuntos a través del diálogo calmado con las partes directamente involucra das, mientras a la vez se respeta la dignidad de cada persona. Es fácil confundir opiniones con hechos. Al acudir a la persona correcta del personal del colegio para verificar la realidad de un cuento, un padre puede mitigar sus angustias respecto al evento en cuestión y las intenciones...
de los involucrados (ver esquema de comunicaciones).

- El matoneo no tiene lugar dentro de nuestra comunidad y no será tolerado. Esto se aplica a las interacciones adulto-adulto, niño(a)-niño(a) y adulto-niño(a). Todas las interacciones entre los miembros de nuestra comunidad deben respetar los valores expuestos. Las instancias de matoneo deben ser informadas al personal del colegio. Todos nuestros hijos tienen el derecho de sentirse seguros en el colegio. Podrá haber ocasiones cuando los padres de un(a) niño(a) sientan que las acciones de otro niño(a) pueden haber infringido los derechos de su hijo(a).

3) ACTITUD Y RESOLUCIÓN DE CONFLICTOS

- La percepción de un niño no es igual a la de un adulto por su desarrollo madurativo. Los padres deben oír a sus hijos. Oiga a su hijo mientras cuenta su realidad, y recuerde que siempre pueden existir múltiples versiones. Siempre sea positivo y aborde estas situaciones con espíritu colaborador y de igualdad. Prepárese para escuchar activamente el punto de vista del otro. Puede ser que la perspectiva desde la cual llega el padre a la situación sea distinta a la de la contraparte; sin embargo, cada una puede tener igual valor. En un conflicto es apropiado seguir los procedimientos correctos para que todas las partes puedan ser oídas y se pueda llegar a una resolución armónica. Si el conflicto se centra en un asunto del salón, el primer contacto debe ser el/la profesor(a). Si no se resuelve, está bien involucrar a el/la Directora(a) de Escuela/Principal buscando su ayuda en la resolución. Si la situación surge de asuntos por fuera del salón, es correcto discutir esto con el/la Director(a) de Escuela/Principal como primera instancia. Si los padres aún no están satisfechos con el resultado, el asunto puede ser referido al Director (ver esquema de comunicaciones).

4) COMPROMISOS EN EVENTOS DEPORTIVOS

En todo momento aceite las pautas de participación, organización y comportamiento del manual y reglamento de la UNCOLI. Los deportistas, espectadores, barras, entrenadores y árbitros (así como cualquier otra persona presente en el partido) deben asegurarse que ellos y las demás personas apoyen las expectativas de UNCOLI y el colegio (ver el manual de participación, organización y comportamiento en las actividades organizadas por la UNCOLI, disponible en la página web del colegio).

Promover la participación en y el compromiso con los equipos deportivos del Colegio Nueva Granada.

Como familia comprométase con el equipo que el niño ha escogido para que entrene y participe en los partidos y torneos programados.

Siempre respete las decisiones de los entrenadores. Durante los partidos ellos son la autoridad. Si en algún momento no está de acuerdo con la actitud o una decisión de un entrenador, debe informar a una autoridad del Colegio Nueva Granada, su Director Deportivo o el Comité Deportivo.

Sea un modelo para el Colegio Nueva Granada y otros colegios cuando participa y apoya a los equipos. Promueva la competencia positiva y el espíritu deportivo.

Ayude a sus hijos a llegar a las prácticas y partidos con su equipo y uniforme completo.

Se revisará y se monitoreará con regularidad el compromiso de cada familia con esta Declaración de Expectativas.
